ITALIAN PREMIER'S THREAT TO BOLT PEACE SESSIONS

Orlando Will Quit Conference Unless Adriatic Question Is Settled to Suit Italy's Demands.

Paris, April 23.—Premier Orlando threatens to return to Italy today unless there is a satisfactory adjustment of the Fiume and Dalmatian questions.

Premier Lloyd George of Great Britain is trying to persuade the Italian leader to remain in Paris longer while he continued his efforts to reconcile the opposing viewpoints.

BLOCK PEACE PLANS.

Although the peace conferees in Paris have passed along for future adjustment the Japanese problem, one of the two troublesome questions standing in the way of the final shaping of the peace treaty, the Italian difficulty, was still pressing for solution at today's meetings of the conference leaders.

MAY RECEDE ON DEMANDS

Italy's delegation at the peace conference, however, seems to be showing a disposition to recede from the extreme attitude which it had taken and which has brought about an admittedly grave situation in the work of restoring peace. Reports from Paris indicate a willingness on the part of the Italians to listen to suggestions of a compromise, this leading to hopes that some way will be found to adjust the conflicting demands of Italy and Jugo-Slavia regarding the city of Fiume and the Dalmatian coast.

Italy, it is said, has offered to give up all claims to the Dalmatian Hinterland if given Fiume, the Dalmatian coast and the coastal water shed. On the other hand, she has rejected offers of Fiume in return for relinquishing any claims she may have on the Dalmatian coast.

JAPANESE PROBLEM

Rival claims of China and Japan to Kiao Chau and the Shantung peninsula have not been settled and if the Chinese and Japanese home governments consent it seems these claims will be left to be taken up by the league of nations after peace has been declared. After conferring on the subject yesterday the council of four announced that Germany's rights to the territory involved in the dispute would be terminated, but no final disposition was made on the peninsula or the former German fortress of Kiao Chau.

It seems to be established that the soviet government of Hungary has crumbled, but the situation is still quite obscure. The party that has assumed control is not definitely known. Munition and arms factories at Budapest are in full operation, it is said.

DOUBT SOVIETS RULE TURKEY.

The report that a soviet regime had been set up in Turkey is doubted in London, where it is pointed out that if there was any truth in the rumor there would have been reports forwarded by wireless to the British admiralty by the British warships now lying before Constantinople.

Russian Bolsheviki reverse on the northwestern front, reported Tuesday was at the hands of Poles who have taken Vilna and have pierced the Bolsheviki lines to the south. Vilna was the nearest approach of Russian Bolshevism to Germany. On the north Russian front, the Allies have pushed forward a considerable distance along the lines south of the Murmansk peninsula.

Serious disorders occurred at Hamburg, Germany, on Saturday and Sunday. In the suburb of St. Pauli, on the western outskirts of the city, mobs have clashed with the police and appear to have met with some measure of success.

Proposal By Wilson Refused

Paris, April 23—The facts of the deadlock over the Italian claims in the Adriatic, according to the Petit Parisien, are as follows:

President Wilson proposed that Fiume, which is not mentioned in the treaty of London, should be a free city, but attached to the Jugo-Slav customs system and further that the London treaty should be subjected to a total revision.

Italy refused to accept this proposal, whereupon President Wilson withdrew, leaving Italy alone with the representatives of the other signatories of the treaty. During the meetings of the representatives of the signatories, both Premier Orlando and Foreign Minister Sonnino were most conciliatory, Orlando especially having asked repeatedly on what condition France and Great Britain would consent to give Fiume to Italy. Baron Sonnino said he was ready to discuss a revision of the London treaty.

However, President Wilson, who, while he was not present at the meetings, kept in touch with them, then wanted to re-open the question of the treaty of London, but without joining the revision to the fate of Fiume. The president has receded from his first proposal to make Fiume a free city and is inclined to give it absolutely to the Jugo-Slavs.

As to Premiers Clemenceau and Lloyd George, they are understood to be ready to adhere purely and simply to the treaty of London, at the same time seeking means of conciliation.

Insist On Fiume

Paris, April 23.—The Italian delegation to the peace conference reasserted today its determination to stand firm on the question of Fiume, indicating that unless the council changed its position the delegation would not return to the conference.

An early settlement of the difficulty is consequently thought to be improbable, especially as President Wilson is understood to be equally as firm as the Italian representatives.

With Premier Orlando still absent, Premiers Clemenceau and Lloyd George and President Wilson resumed this morning the consideration of questions concerning China and Japan.

Italians May Drop Demands

[By Associated Press.]

Paris, April 23—There are indications of weakening on the part of the Italian delegation and a disposition to withdraw their demands for the Dalmatian hinterland if permitted to have the coast, the coastal watershed and Fiume.

President Wilson is inflexible in his position that Fiume shall not be annexed to Italy, thus bottling up Jugo-Slavia.

Although Premier Orlando probably will not attend the meetings of the council of four immediately, the inclination of the Italians to compromise is looked upon as encouraging by the Allies, who apparently are hopeful that an agreement may be reached by mutual concessions.

The suggestion was widely circulated last night in Paris that Great Britian and France cannot sign a peace treaty with Germany if Italy refuses because under the London agreement no member of the Entente is to sign a separate peace. The suggestion, however, apparently has not had any great effect on the negotiations.

As the United States is not a signatory to the London agreement even the most serious break in the conference would not prevent her from making a peace with Germany under a crisis which might arise. The American delegates refuse to give serious consideration to such an eventuality.

The rivalries of various leaders are figuring largely in the present deadlock.

Economic conditions are so bad and food and coal are so scarce that a majority of the peace delegates feel that no important country will attempt to continue fighting under conditions of virtual isolation from the supply centers.

Why Wilson Opposes

Paris, April 23—In a statement issued by President Wilson today explaining his position on the Adriatic question he declares that Fiume cannot become a part of Italy.

The president points out that every condition concerning the Adriatic settlement has been changed since Italy entered the war upon the promises of the pact of London, the Austro-Hungarian empire having disappeared. He notes that new states have been created for which Fiume is the natural outlet to the sea.

The president also contends that the strategic necessity pleaded in behalf of Italy's claim to the Dalmatian islands no longer prevails, as the Austrian naval menace has ceased to exist.

CANVAS HOSPITAL WARDS AS SHELTERS

Washington, April 23—Fifty canvas buildings which served last summer as hospital wards for American soldiers wounded in the drive at Chateau Thierry have been obtained by the American Red Cross and set up on the site of the Paris exposition, where they are being used for sheltering and feeding the 1,600 American fighting men who swarm into Paris daily on leave. This is the sixth hotel the Red Cross has established for the care of American soldiers who visit Paris on sight-seeing trips.

SENATE PASSES WATERWAY BILL

Measure Provides Connecting Link to Illinois River.

Springfield, April 23—By a vote of 37 to 2, the senate today passed the administration waterway bill providing a connecting link between the channel of the sanitary district of Chicago and the Illinois river at Utica and throwing open a lakes-to-the-gulf water route.

TWO OPPONENTS.

The negative votes cast by Senators Walter T. Manny of Mt. Sterling and F. C. Campbell, of Xenia, both Democrats.

Senator Manny attacked the waterway bill on the ground that it imposed too much discretionary power in the department of public works and buildings, that it created water power concessions instead of a waterway and that it was vague and indefinite in terminology.

Objection was made by Senator Manny also to so-called concessions to LaSalle and Will counties through which the waterway passes.

Senator Barr in explaining the amendments to which Senator Manny objected said local authorities, principally at Ottawa and Joliet would be consulted only on questions relating to adequacy of sewer systems, safety to the community because of the change of water levels and the location of docks.

ON ZION CITY PROBE.

Senator Rodney E. Swift of Libertyville, a member of the Zion City investigating committee, who was attacked by Wilbur Glenn Voliva, Zion's overseer, had read into the record a petition containing more than a hundred names of Zion citizens who asked that the Christian Catholic Apostolic church be investigated. The petition said "there have many things transpired here and are being continued which deprive us of our constitution rights."

In the letter to Senator Swift, Voliva challenged the former to make public the names of the petition signers, and excoriate him.

The senate passed the Jewell bill prohibiting the solicitation of money or the purchase of tickets to bazars or public entertainment without a certificate of registration issued by the department of public welfare.

Senator Dunlap today introduced a bill appropriating $375,000 for each year of the coming biennium to maintain the state police force in the event of the passage of the measure providing for the constabulary.

JOINT SESSION AT NOON

Routine of the legislature was out in two today by the joint session in the hall of representatives, in the interest of the Victory Liberty loan, and by memorial exercises for the late Senator Sidney B. Miller of Cairo in the senate.

A delegation was here from Champaign today to boost for an armory at Champaign, proposed in Representative Gregory's bill to appropriate $200,000. The appropriations committee made plans to receive the Champaign representatives, although it is tacitly understood that no armory appropriation bills are to be passed at this session.

The house educational committee today reported to the lower branch with a favorable recommendation the bill of Senator Barr increasing salaries of county superintendents of schools. It passed the senate recently.

Representative Robbin's bill to validate community high schools also came out of the senate education committee with a recommendation that it pass.

Enemies of the Barr bill proposing an eight hour day for women will be heard by the senate industrial affairs committee in the senate chamber late today.

Senate and house revenue committees which met yesterday in joint session to consider the administration bill abolishing the state board of equalization and creating in its stead a tax commission adjourned without progress.

It was decided to hold a public hearing on the measure before the revenue committees meeting jointly, probably Tuesday of next week.

The tax commission bill, introduced in the senate by Senator Jewell and in the house by Representative Young, is looming as the big controversial piece of legislation at this session. Strong opposition to its passage is expected when the issues are drawn.

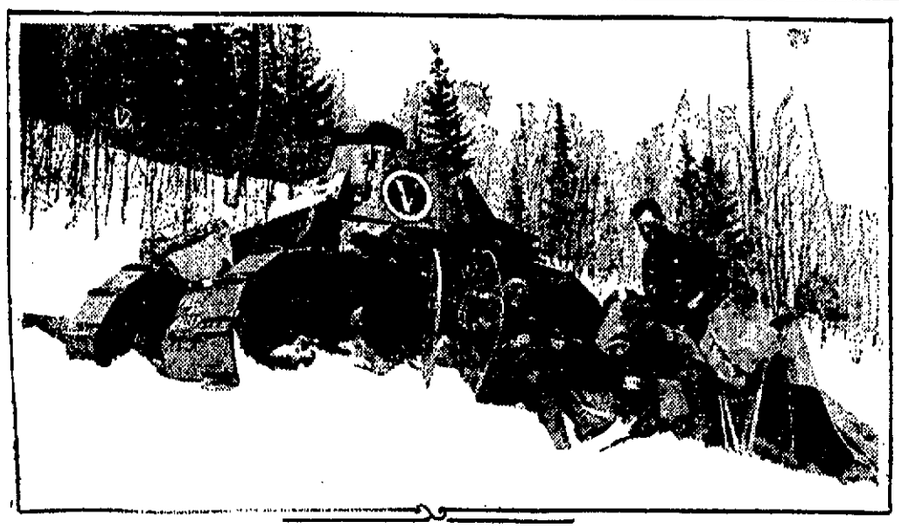
The tax commission bill would provide for the appointment by the governor of three commissioners at $6,000 a year each whose business it would be to equalize all assessments.

A bill introduced yesterday by Representative Holladay amending the motor vehicles law makes more stringent penalties for theft of a motor vehicle or any connection knowingly with such an offense.

$100,000 FIRE IN REFORMATORY

Bloomington, April 23.—Fire which started in the third floor of the chair shop at the Illinois reformatory, at Pontiac, late Tuesday afternoon, caused damage estimated at $100,000. Several inmates are believed to have been trapped, but it will not be known definitely until after an official count is made. Several inmates were overcome by smoke before they could be rescued.

'TWAS "BUST" FOR THIS TANK OUT TO CLIMB PIKE'S PEAK



"The Little Zeb" climbed eight miles above sea level and then laid down with snow and ice between her crawler plates so thick that they broke and she could crawl no further. "Pike's Peak or Bust" was her motto, and she "busted." The tank crew made repairs after digging out the snow, but army officers wouldn't let them finish the climb. Snow drifts 100 feet deep were still ahead of her. But she's been higher than ever a tank climbed before.

CONFERENCE ON U. S. JOB BUREAUS

Washington, April 23—Representatives of governors of a number of states met here today with Secretary of Labor Wilson and John B. Densmore, director-general of the United States employment service for a three-day conference for the purpose of drafting a legislative program for the creation of a permanent federal and state employment system. It is proposed to draft an act for introduction in congress perpetuating such system.

TRADE BLACKLIST IS ABOLISHED

[By Associated Press.]

Paris, April 23—The supreme economic council yesterday announced the abolition of the blacklist, licensing and rationing systems as applied to neutrals.

The announcement will be made simultaneously April 25 by the various governments involved. It will authorize shipments of raw materials and manufacturers other than export commodities without license formalities freely to countries not including Germany and Bolshevist Russia.

A special meeting of the council this afternoon will endeavor to reach a decision on the question of permitting a limited supply of cotton and certain other raw materials to go to Germany. The American delegates favor limited concessions.

A proposal for an amendment of the Brussels agreement will also be submitted to the council, removing the requirement that Allied representatives control German exports to see that all the proceeds were applied to the purchase of foodstuffs.

MUST SUPPORT PEACE PRINCIPLES

Paris, Tuesday, April 22.—Hugh C. Wallace, American ambassador to France, in presenting his credentials to President Poincaro today, said that in addition to conferring peace upon the world, it was necessary to unite the people in support of it. Mr. Wallace said:

"Mr. President: I have the honor to present to your excellency the letters which accredit me as ambassador extraordinary and plenipotentiary of the United States to the French republic. I am indeed honored, for I come at the end of the world war to salute victorious France in the name of the American people. In that struggle Frenchmen and Americans fought side by side until the final victory was won on French soil, under French command; and Paris, for a time the capital of the world, now is witnessing the erection of the temple of peace.

"We hope to dedicate that temple in the name of the league of nations, and make it its home; for the great war which was fought in the defense of civilization should be the last conflict of mankind. When victory came it was complete and the peace which is to follow should be enduring. It now is the task of the Allied nations to confer that peace upon humanity, but first to unite the world in support of it. At that labor, and the great task of reconstruction, France and America, one in aim and principle, are working with united energy."

G. WASHINGTON TO CARRY TROOPS

[By Associated Press.]

Paris, April 23.—The transport George Washington will return to the United States with troops after repairs to her machinery it was announced yesterday.

MOVE ARMY CAMP OFFICERS

Washington, April 23.—Army orders published today announce the detail of Major-General William H. Johnston to command Camp Lewis, Washington, and Major-General William M. Wright to command Camp Dodge, Iowa, relieving Charles C. Ballou, who is to return to his permanent rank of colonel on May 15.

Brigadier-General Ira A. Haynes, was assigned to command the North Pacific coast artillery district, with headquarters at Seattle, Brigadier-General Lucien G. Berry was ordered to Camp Grant, Illinois and Frank M. Caldwell was placed in command of Camp Shelby, Mississippi.

Honorable discharges of the following officers from their general officer rank was announced: Brigadier-General George Blakely, Brigadier-General Stephen M. Foote, Brigadier-General Charles H. Cole, Brigadier-General Charles Gerhardt.

COLONEL RICE GIVES TESTIMONY

Washington, April 23. — Colonel Sedgwick Rice, commandant at the Fort Leavenworth, Disciplinary barracks, today appeared as a witness before the committee of the American Bar association which is investigating the army court martial system.

Lieutenant Colonel Ansell, formerly acting judge advocate general with rank of brigadier general, continued his testimony yesterday. He did not complete his statements and will appear later when he will submit detailed memorandum prepared by the clemency board and which delegates with the many court martial cases the board has reviewed.

In his testimony yesterday the officer said his observations had shown officers fared much better in court martial than enlisted men and cited statistics to show that in 75 per cent of the 2,212 cases examined by the clemency board it was shown officers with a grade no higher than lieutenants had been assigned to defend the prisoners. "The prisoner might better have had no counsel," he declared.

USED SHOVELS TO FIGHT WITH HUNS

New York, April 23—Some of the famous eleventh engineers, who used their picks and shovels as weapons in helping to stem the German advance near Cambrai, returned home today. Seven officers and 265 men comprising the Eleventh's field and staff, and Companies B and C were among the 1,829 troops arriving on the steamship Santa Teresa from Bordeaux. Fifty officers and 1,370 men on the Santa Teresa returned convalescing from wounds or illness.

Forty-six officers and 996 men of the army ambulance service, including quartermaster, headquarters, hospital and motor repair shop detachments, arrived on the steamship Duca D'Abruzzi, from Marseilles. The vessel brought altogether 1,175 troops, among them being 68 Massachusetts, 33 Illinois and 29 California casuals.

ILLINOIS LEADS IN DIVORCE CASES

Washington, D. C., April 23—Illinois has more than four times as many divorces annually in proportion to its population as the state of New York. This is shown in statistics which have just been made public by the census bureau.

In 1916, the last year covered in the tabulation, Illinois had 159 divorces per 100,000 population, while New York had only 32 per 100,000.

The number of divorces has been increasing in Illinois much more rapidly than the population. In 1906 the total per 100,000 was 112, in 1900 it was 100, and in 1890 only 75. New York state had only 25 divorces per 100,000 in 1906, 23 in 1900, and only 17 in 1890. The wide difference between the two states is ascribed to the fact that the divorce laws in New York are more strict than in Illinois.

POLICE BAFFLED BY MYSTERIOUS WOMAN

Chicago, April 23—On a seemingly unimportant mark on a pair of eye glasses detectives base their hopes of learning the identity of a woman in the county hospital who has thus far successfully pitted her wits against those of the keenest police officers, physicians and reporters who have sought to find out who she is.

Before she swallowed poison in a hotel room here forty-eight hours ago, "Miss Brown" had carefully removed all means of identification from her effects—all except the registration numbers faintly scratched on the gold frames of her eye glasses by a New York optician. The optician has been wired to in hope of his being able to tell "Miss Brown's identity. Well dressed, apparently well educated and with a taste for classical literature as books in her effects would indicate, she parries all questioners in her lucid intervals.

"I challenge you to find out who I am," she says.

Nor can it be learned why she wished to die. Hospital physicians today said her condition is critical.

Physicians yesterday had difficulty in getting her to eat.

"You will die if you don't," suggested one of the doctors.

"But I wish to die," she answered brightly, as is her wont.

"There are ways of getting food into the stomach whether the patient wishes it or not," argued the physician.

"Oh, well, in that case, all right."

The patient thereupon ate heartily. She said she enjoyed matching her wits against those persons seeking to trick her into divulging her identity. On one occasion, when asked why she wished to die, she singled out a few gray hairs and said: "Perhaps this is the reason."

WESLEYAN STAYS IN BLOOMINGTON

Bloomington, April 23.—The Illinois Wesleyan university will remain in Bloomington, as a result of the action of the board of trustees and board of visitors who voted on the propositions submitted by Springfield and Bloomington. The vote was taken at 2:30 o'clock this morning and was as follows:

Trustees, for Bloomington 13, for Springfield, 4; present and not voting, 1; absent, 4.

Visitors, Bloomington, 6; Springfield, 3; present and not voting, 2.

After attending the funeral of their fellow member, B. F. Harber, Tuesday afternoon, the trustees went into session at 4 o'clock and heard the rival propositions of Bloomington and Springfield presented. Then adjournment was taken for supper and the meeting was resumed in the evening. All night long the board heard speeches from men representing Bloomington and Springfield, and at a dozen different times were on the point of taking a vote, when some new matter would be broached and the debate would go on and on. It seemed at times as if it might go on forever.

PAINT PRICES WILL NOT ADVANCE

Cleveland, April 23.—There will be no advance in paint and varnish prices, according to members of the Paint Manufacturers' association of the United States and the National Varnish Manufacturers' association in joint convention here yesterday. A nation-wide co-operative advertising campaign has been launched to stimulate the industry. Members pledged an additional $125,000 to the fund of $500,000 to be expended during the next five years in giving publicity to the slogan, "Save the surface and you save all."

BOND SALES OF $500,000,000

Subscriptions of Victory Issue Total Half Billion.

Washington, April 23.—Unofficial reports to the treasury today indicated that aggregate subscriptions to the Victory Liberty loan were approaching $500,000,000, although official figures still stood at $116,077,000 reported last night.

NEW YORK SUBSCRIPTIONS.

New York, April 23.—Official subscriptions to the Liberty Victory loan in the New York federal reserve district at 10 o'clock this morning totalled $80,517,500 a gain of $17,614,000 over the figures reported at 1 o'clock yesterday afternoon.

FEAR ANARCHY IN BUDAPEST

[By Associated Press.]

Budapest, Tuesday, April 22.—This city is going through a crisis worse than of April 3. There is apprehension that there will be a violent swing to anarchy with the Socialists losing control to Bolsheviki leaders like Bela Kun and chiefs of the Red Guard. Looting, which hitherto has been held in check or legalized as the "nationalization of property" and the assassination of old political leaders and the aristocrats are feared.

The fact that the communists are unable to prevent the Allies from occupying the districts involved is weakening the influence of Bela Kun and is causing violent hatred against the Allies among the Hungarians.

OPPOSE MOVE TO FEED BOLSHEVIKS

North Russia Officials Object to Plan.

[By Associated Press.]

Archangel, Monday, April 21.—Opposition by officials of the government of North Russia to the plan for feeding Bolsheviki Russia as recently made public in Paris, is based not only on unwillingness to provision territory occupied by forces of a government the North Russians are fighting, but because they believe the plan would not be efficacious in combating Bolshevism.

In the interview given the Associated Press correspondent recording his opposition to the plan, Lieutenant General Eugene Karlovitsch Miller, acting head of the Archangel government expressed the view that those who helped Bolsheviki Russia in this wise would in effect be allying themselves with the Bolsheviki. Others in official circles expressed opposition to the scheme and on all hands there was approval of the statement of the Russian leaders in Paris that those aiming toward the regeneration of Russia should not for one moment cease fighting the Bolsheviki.

General Miller characterized as "impossible and impracticable" the proposition that the anti-Bolsheviki Russians, should cease fighting at any place in order to allow provisions to reach their enemies.

"The Bolsheviki government," continued the general "is hard pressed from a military standpoint by the Siberian forces and it now is helpless in the north. In the interior it faces hunger. It would doubtless welcome an armistice and would eagerly accept help from outside. Those who help it would, in effect, at least, simply be making an alliance with the Bolsheviki." And this, the general said, at a time when victory for the opponents of Bolshevism was near at hand.

General Miller stated that the period of trial for the new Russian troops in the north was finished. He pointed out that the Russian force which was fighting on the northern front last autumn was small and its morale nothing to brag of, "but now," continued the general, "the number of the Russians in the north equals that of all the Allies combined. Their morale is excellent."

READY TO RECEIVE GERMAN DELEGATES

Paris, April 23 (Havas)—The Allied and associated governments have informed the German government through General Nudant at Spa that they are ready to receive the German delegates at Versailles April 25.

HOOVER AND STAFF IN BERLIN

[By Associated Press.]

Berlin, Tuesday, April 22—Herbert Hoover, chairman of the Inter-Allied food commission, arrived here today in company with a large staff.

REORGANIZE NATIONAL GUARD

Eastern States Authorized to Form Militia Regiments.

Washington, April 23—Reorganization of the national guard was actually started today when the war department, through the bureau of militia affairs, authorized the organization of seven regiments and one extra battalion of infantry, one squadron of cavalry and 18 companies of coast artillery.

FOUR NEW YORK REGIMENTS

The state of New York was authorized to raise four regiments of infantry, one squadron of cavalry and twelve companies of coast artillery. New Jersey was authorized to organize one regiment of infantry, and two companies of coast artillery, Ohio two regiments of infantry and Oregon one battalion of infantry and four companies of coast artillery.

REPLACE STATE TROOPS

These new units are intended to replace state troops, which, under section 61 of the national defense act, cannot be legally maintained by the states in time of peace. That section prohibits the maintenance of any troops except those prescribed in the act—regulars and national guard.

Other authorizations for units are expected to follow soon. The states first considered were those in which conditions were such that their governors considered armed forces might be necessary under certain contingencies. The state of Pennsylvania, for instance, reported to the war department that it possessed at this time a very efficient state constabulary and 3,000 state troops, sufficient to handle any emergency which could be foreseen at this time.

The units authorized today must be in such state of organization before June 30 as to be eligible for federal recognition if the war department is to extend financial aid. The organizations will all be based on a peace status, a company consisting of 65 men as a minimum.

UP TO INDIVIDUAL STATES

"It should be clearly understood," the message sent to the state governors said, "that the war department does not call for the organization of the national guard at the present time, but leaves initiation of its organization with the state authorities, and it is not desired to anticipate the action of congress in the formulation of the national military policy, nor is it believed to be desirable to undertake the general reorganization of the national guard prior to the demobilization of the former national guard units, from the United States army."

FRENCH SOCIALISTS MAKE TAX DEMANDS

Paris, Tuesday, April 22.—(Havas)—The Socialist congress at its session today passed resolutions demanding the return to the state of excess war profits and the levying of special taxes on wealthy establishments, financial monopolies, concerns dealing in luxuries, railways and large enterprises such as mines and banks. A reduction in the hours of labor, the fixing of minimum wages and rigorous protection of mothers and children were also demanded.

Another resolution adopted called for the transfer to the Pantheon of the Ashes of Jean Leon Jaures the Socialist leader, who was assassinated in July 1914.

CHICAGOANS IN CLASH WITH BLACKS

Chicago, April 23—One negro will probably die, it was said today by Bridewell hospital attendants, as the result of a series of sanguinary fights on the south side last night between white and negro residents. Brickbats, clubs and bullets were used promiscuously and many on each side were hurt. Fifty policemen were posted in the district after the outbreaks had been quelled.

The Weather

D. H. S. CLASS TO MAKE 100 CANES

Red Cross to Give Them to Soldiers.

H. C. Moehler of the manual training department of the high school is getting material lined up for a hundred canes which the school has agreed to make for the Red Cross. These canes are for the use of disabled soldiers and must combine strength and lightness. Exact specifications are furnished for their construction. According to these specifications the canes must be made in two lengths, 31 and 33 inches. The stock must be octagonal and must taper from one and three-eighths inches at the top to three-quarters of an inch at the bottom. An inch and a quarter of the stock at the top must be rounded.

The material must be straight grained red gum, walnut, cherry or similar wood. Hickory, the wood of which most serviceable canes are made is not mentioned. Mr. Moehler will use walnut as it is easy to obtain and it works nicely. The material is furnished by the Red Cross. The cross handle is fastened to the stock with a dowel pin. The handle is rounded to fit the hand and is spaced so that one third of its length is to be the front and two-thirds to the back of the hand.

At the bottom each cane is finished with a ferrule made of three-quarter inch, 17 guage brass tubing and a rubber crutch tip. The canes must be scraped and sanded until perfectly smooth and given one coat of orange shellac.

Fishing Only Fair.

Fishing in the Sangamon river is reported only fair by those who have been trying it lately. Tuesday a man came up town to sell a turtle which he had brought in on his hook the day before. The turtle was of the "black diamond" variety and he covered most of the bottom of a market basket in which his captor carried him. Most of the fish caught are catfish with a few carp.

New Hair Remover In Demand, Say Druggists

(Phelactine Removes Roots and All)

Since the virtues of phelactine as a hair remover became general, known, druggists in this country have been having a really extraordinary demand for this remarkable product. The fact that it acts so delightfully quick and is so positively safe, of course makes it especially popular for the face and increasingly so with the new method of use to be completely at all with the usual depilatory. Clothed in collar powder it is entirely safe—not irritating, non-poisonous, odorless and "not unpleasant." A little of phelactine and water is all that is needed. Simple as it is, there will be imitations, so ask for phelactine and be sure you get it. It is sold by leading druggists everywhere and delight the most fastidious.

MRS. W. C. WOOD RETURNS HOME

Son Is Expected to Land in New York April 27.

MRS. W. C. WOOD, returned home Tuesday evening from her visit in Washington, D. C. Tonight Dr. Wood leaves for New York to meet his son Stuart, on his arrival from France. Had Mrs. Wood known that Stuart was expected so soon she would have waited in the east until his boat arrived, but as she had already made reservations for the return home she came on, and now plans to go up to Chicago when the boys come to that city and are given a welcome celebration there.

It is thought Stuart and the rest of the 149th are on the Leviathan, or that they will reach New York on April 27. It is not believed the boys will be detained long in the east.

Mrs. Wood and small son, Robert, visited at Mrs. Wood's old home in Washington and had a most enjoyable stay. Mrs. Wood's mother, Mrs. Dimmick, who went back to Washington with her, will remain there for at least a year.

MISS LOIS WASSON of the Decatur Musical college will give a half-hour musical program at the Thursday evening session at the meeting of the nineteenth district Federation of Woman's clubs in Sidney this week. She will sing four groups of songs. Her sister, Miss Iva Wasson, will be her accompanist.

Her program follows:

French group—"Oubre tes Yeaux Vleu" (Massenet); "Tes Yeu" (Rabey).

Russia group—"Songs of Grusia" (Gretchaninoff); "In Silent Woods" (Glinsky-Korsakow); "Lullaby" (Gretchaninoff); "Over the Steppe" (Gretchaninoff)

French aria, "Nobles Seigneur Salut" from the opera, "Les Hugenot" (Meyerbeer).

English group—"The Bird of the Wilderness" (Horsman); "The Angels do Stooping" (Ganz); "The Sailor Lad" (old English, arranged by Wilson); "Love Has Wings" (Rogers).

Mrs. Dan Mucknet and Mrs. D. C. Corley will leave Thursday morning for Sidney to attend the federation meeting. It happens that none of the delegates appointed by the local club can attend the meeting, but Mrs. Inez J. Bender expects to go as an alternate, and Miss Emma Miller may go, if her canteen work does not interfere.

The convention opens Thursday afternoon. Mrs. Corley and Mrs. Mucknet will attend an executive board meeting in the morning.

Governor and Mrs. Frank O. Lowden will entertain at a reception in honor of the members of the general assembly tonight. About 700 invitations have been issued. It is probable that several from Decatur will attend. In the receiving line with Governor and Mrs. Lowden will be the state officers and their wives.

RICHEST GIRL IN AMERICA WEDS

New York, April 23 — Miss Margaret Carnegie, the richest girl in America, Tuesday became the bride of Ensign Roswell Miller, U. S. N. R. F., an officer in the navy.

The wedding occurred at the New York home of Mr. and Mrs. Andrew Carnegie, Ninety-first and Fifth avenue. It was attended only by immediate relatives of the bride and groom. Not a single member of New York's 400 was invited. The entire guest list was scarcely more than a score.

Miss Carnegie is the only child of the Laird of Skibo and will inherit his entire fortune, estimated at $600,000,000. Ensign Miller is the son of Mr. and Mrs. Roswell Miller. His father, previous to his death, was chairman of the board of directors of the Chicago, Milwaukee & St. Paul railroad and, as fortunes go, was not considered wealthy.

The bride's age was given as 22 and the bridegroom's as 24 on the marriage license.

REV. E. SAFFORD NEW MODERATOR

Springfield Presbytery to Close Tonight.

Rev. Elisha Safford, pastor of Westminster Presbyterian church of Decatur, is the new moderator for the Springfield Presbytery, he having been elected at the opening meeting of the Presbytery Tuesday night in the First Presbyterian church in Springfield. He was elected over Elder W. I. Kincaid, of Mason City, who is a man eighty years old, still very active in church work and has not missed a meeting of the session in fifty-three years.

More than sixty ministers and elders are attending the annual spring meeting. The last meeting will be held Wednesday night. The meeting Tuesday night was opened with music by a large chorus, led by Rev. Carl Mansvelt. Rev. W. H. Marbach, pastor of the church at Jacksonville, led the devotions.

SPEAKS OF PROGRESS.

As retiring moderator, Rev. John D. Rugh, gave an address on the progress in the last year and the possibilities of the coming year. Rev. E. W. Smith of Bethlehem church, was elected temporary chairman. The prayer was given by Rev. J. Calvin Leonard of Morrisonville.

Dr. John T. Thomas, chairman of the committee on arrangements for the program to be given Wednesday read the program which was accepted.

The principal feature of the session Wednesday morning was a report of the committee on the New Era movement.

The feature of the afternoon session was the selection of delegates to be sent to the general assembly which will convene in St. Louis.

MRS. C. G. POWERS VICE-PRESIDENT

Civic Art Institute Elects Officers With Dr. A. R. Taylor President.

At a called meeting of the directors of the Civic Art Institute at the Y. M. C. A. Tuesday afternoon Mrs. C. G. Powers was elected vice-president of the organization with the other officers remaining the same as last year—Dr. A. R. Taylor, president; E. P. Irving, secretary; Smith E. Walker, treasurer.

It is expected that committees on finance and on buildings and grounds will be named at once.

The growing interest in the Roy Brown exhibit was discussed with much pleasure by the directors and it was decided that the lights which have been installed for this exhibit shall remain, at least for the present.

SEVERAL TO STAY.

The real interest with which Mr. Brown's paintings are being viewed in Decatur is such that it is certain that some of the pictures will not be allowed to leave the city.

Mrs. C. G. Powers has already purchased "The Cedars," the small New England landscape, and it is known that other art lovers have expressed their interest in a number of the other pictures shown.

Church

Social Service Class.

Twenty-five members were present at the meeting of the Social Service class Tuesday night in the Grace Methodist church. Evelyn Andrews was in charge of the meeting, which was held for the purpose of organizing the class. Pearl Roberts was chosen chairman of a committee to collect material in regard to all phases of social service work.

William Casey will have charge of the next meeting which will be held in the home of Miss Pearl Roberts 836 West Leafland avenue, Thursday night.

Brotherhood Meets.

The Brotherhood class of the Third United Brethren church met Tuesday night to reorganize. The men of the class were formerly very active in church work and they are planning to reorganize into what might be called a Booster club for the church. W. A. Harris is president of the class. Frank Nell was elected secretary since the former secretary had moved out of the city.

FLY SWATTERS GO TO EUROPE NOW

Orders Received From France and England for Local Product.

American fly swatters are going abroad as fast as space in ships can be obtained and of course most of them are coming from Decatur, Ill.

The United States Wire Mat Co. has orders for both French and English firms which it has been unable to fill because of the lack of shipping space for the product.

Europeans have not yet acquired the American skill in weaving wire cloth and practically all that is used there is imported from America.

In New York.

L. W. Taylor, who has been connected with the hospital stationed in Liverpool, arrived in New York, April 17, according to word received by his mother, Mrs. R. M. Taylor, 1257 North Water street. He was sent to Camp Merritt, N. J., and expects to be released by May 1. Previous to his enlistment he was employed as clerk at the St. Nicholas hotel.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

WILBUR TIMMONS HELD FOR THEFT

Found Hiding Near Auto Reported Stolen.

Wilbur Timmons, aged thirty-six, living at 117 East Eldorado street, was locked up in the county jail Tuesday night on a charge of stealing an automobile belonging to John E. Gatman, 1111 West Wood street. Mr. Gatman reported to the police at 11 o'clock Tuesday night that his Olds car had been stolen from in front of Eldorado Temple. The police searched till midnight without finding the car.

About that time a man in the country near Beardsdale telephoned the sheriff's office asking if a car had been stolen at Decatur. He said that a woman had called at his house and said that she had been forced out of a car by the driver and that he was having trouble with the engine, and that the car was probably stolen. He said the car was about eight miles northwest of Decatur and thirteen and a half miles northwest of Beardsdale.

FIND TIMMONS HIDING

Mr. Gatman was at the court house when the message came in. Officer Clark and Deputy Sheriff John T. Lloyd drove out to the place mentioned and found the car near a hedge. No one was in it, and they made a search through the weeds in the neighborhood and found Timmons hiding. He was brought in and locked up. It is said that the woman he had in the car was a married woman and that they had a quarrel and he made her get out of the car.

Timmons, who is a mechanic, is said to have figured in the theft of Guy Ferro's car last November, but Mr. Ferro declined to prosecute on account of Timmons' wife and child.

FOUR BOYS HELD

Chief Wills was notified Tuesday evening that four Decatur boys, Floyd Hopkins, Vincent Moran, Henry Maloy and Harley W. Watkins, were being held in the jail at Jacksonville, awaiting the arrival of an officer from Decatur; that they had stolen Travis Brown's car in Decatur Monday night and wrecked it in Christian county near Edinburg.

According to the story told the police, the boys went to Edinburg to pass another car and ran into a bridge abutment. The Brown car was disabled and the four boys set out and started to walk to Edinburg, four miles away. The driver of the car they turned out to pass, suspected something was wrong and he took the number of the Brown car. As soon as he could get to a telephone he called up the police at Springfield. The latter had been notified of the theft of the car, so they in turn notified the marshal at Edinburg. He met the boys at the edge of town and arrested them, taking them to Jacksonville.

Cincinnati man tells how to lift off any corn without hurting one bit

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

MOOSE TEAM TO NATIONAL MEET

Will Compete for Prizes Totalling $15,000.

The local Moose team is now putting on weekly dances every Thursday night, the purpose being to raise sufficient funds to pay the expenses of the team of forty members to the national meeting in Mooseheart, near Aurora. The convention dates are June 22-25.

The drill team is drilling two nights a week and is fully confident that it will capture some of the prize money offered. Nine former soldiers, now back from service, are on the team and are helping it along in wonderful shape. The teams will compete in a number of different kinds of work, ritualistic drills, foot work and the like and there are to be six prizes in each contest. A total of $15,000 is to be given in prizes. Drill teams will be there from all over the country. They will sleep in tents and have a regular mess tent.

The local lodge will have its annual installation of newly elected officers next Monday night.

He was in the maintenance branch of the aviation service and ranked as first class chauffeur. Before leaving Decatur he was a draftsman in the engineering department of the Pan-American.

OAKLEY CHILDREN PROUD OF CLUB

Oakley, April 23.—Oakley school children are enthusiastic about the Civic Improvement club which was organized on Arbor day. The spirit among the children is promising for the future, but the club needs the co-operation and encouragement of the parents. Shrubs and bulbs have been set out. The wild parsnip patch in the back yard of the school has been converted into a blue grass plot. As soon as it is possible, trees will be planted along the side of the streets.

Miss Gertrude McClure was chosen president of the club and Miss Donna Veech secretary. The club will meet every two weeks at the schoolhouse where the pupils will work on the yard.

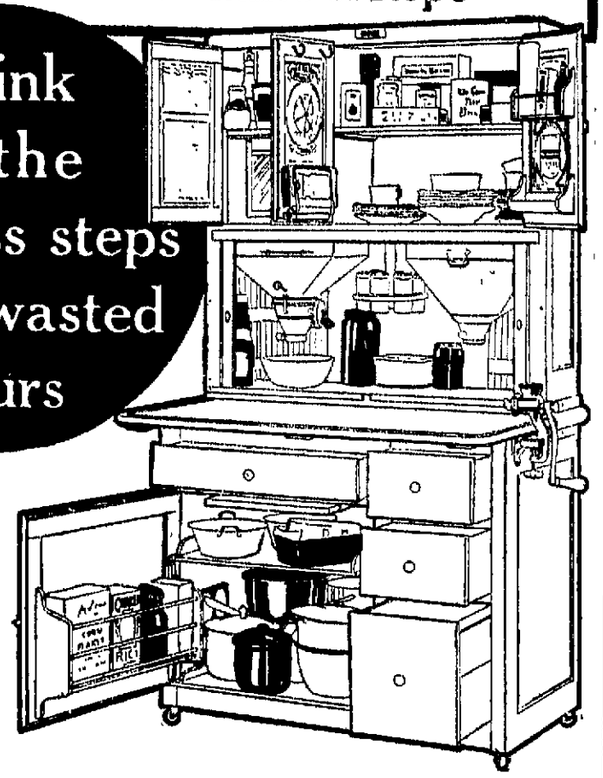
HOOSIER
—the Kitchen Cabinet that saves miles of steps

Think of the needless steps —the wasted hours



Then You Will Realize That You Must Use a

Hoosier Kitchen Cabinet

WHY should you endure kitchen drudgery when you can end it easily and forever? Why should you work with less efficient equipment than man? Why should you squander woman's charms in needless steps and wasted hours?

There can be no good reason. Science leaves you no excuse. For the Hoosier Kitchen Cabinet brings kitchen freedom. It enables you to sit restfully at your work and to accomplish tasks in far less time. Do not confuse it with cupboards sometimes cabinets. The Hoosier is a scientific labor-saving device—the cabinet a million and a half women use.

Low Prices—Convenient Terms

Price cannot withhold this great convenience—Hoosier's prices are moderate. And you need not have the cash—Hoosiers are sold on convenient terms. Should you, then, deny yourself this work-reducing, needful article of home equipment? Reason says, "No!"

Come at once—today—and select the Hoosier that pleases you most. Join the Hoosier Club by making a small cash deposit. Your cabinet will be delivered at once. Then pay the balance in small weekly payments.

We are going to make this a big Hoosier week. And we want every housewife to come and see the Hoosier demonstrated. Don't put off your visit. Come now.

NAME COMMITTEE FOR HEALTH WEEK

Program Will Be Arranged Saturday.

Beginning Sunday, May 11, official "Health Promotion week" will be put on in Illinois and Commissioner J. F. Mattes, head of the department of health and safety here is making plans to have Decatur recognize the value of good health and the education for sanitation and hygiene in the most efficient manner.

This is a state wide observance and Commissioner Mattes has appointed a committee to see that Decatur observes this particular week in a manner likely to bring the best results in health, cleanliness and a new and higher standard of that particular kind of citizenship.

NAME COMMITTEE.

On his committee he has named the following and they have been called to meet at the rooms of the Association of Commerce Saturday morning:

Mayor-elect C. M. Borchers,
J. F. Mattes.
Mrs. M. W. Fitzpatrick.
Rev. J. B. Golden. Mrs. J. D. Moore.
W. H. Duerr. Mrs. Guy Scovill.
R. J. Holmes. J. O. Engleman.
H. C. Schaub. Waldo Cross.
W. F. Hardy. Emil Reinhold.

STATE PROGRAM.

The state program as issued by the state board of health for that week is an elaborate one and the Decatur committee will go over it to see what will be best adapted for use in this community.

The program names each day for a special feature of the week:

Sunday, May 11, is designated as the day on which talks on health promotion and disease prevention shall be given in the churches.

Monday of that week is "Clean Up Day." Occasions are to remove all ashes from cellars and attics, yards are to be raked and cleaned, and a general house and yard cleaning is to be observed.

Tuesday is the "swat the fly before he starts day."

Wednesday is "Better Babies Day" when literature on the care of babies will be distributed.

EXAMINATION DAY

Thursday is "Medical examination day," when all children who have not been examined by a physician recently are urged to submit to such an examination with the idea of prevention and correction of physical ailments.

Friday is "Americanization Day," when special programs are urged for schools. Drawings, exhibits, talks and playlets are urged for use in schools to emphasize the value to the nation of healthy, clean bodied citizens.

Saturday will be "Pageant Day" when such communities as care to do so are expected to have health parades, pageants, floats and the like.

DECATUR'S PART.

What part of such a program Decatur will observe will be decided by this committee at its meeting Saturday morning.

That the Junior Sanitation League will take charge of the annual clean up has already been decided and it is expected that the work will be even more carefully organized than ever before.

HEART PURITY IS SERMON SUBJECT

Rev. R. T. Williams Continues Services in Nazarene Church.

Evangelist R. T. Williams in his sermon on "Heart Purity" at the West Side Nazarene church Tuesday night said in part:

"Man is a three fold being, body, soul and spirit or we might say, body, mind and heart. The human race is divided into three classes; those who worship at the shrine of the body, those who make the mind of great importance and those who place the emphasis on the value of the soul. The first is by far the greatest class.

DID NOT PREVENT WAR.

"Before the war a young man or woman did not think he or she had a finished education until having studied in Berlin or Vienna. If science, if education, if knowledge, if 'culture' could make a nation we never would have had the war. In spite of all the science enlightened Germany we found it to be a nation of galvanized barbarians. It takes more than education to make a real man. A clean heart is the main essential. Just because a man has knowledge does not make him fit to live.

"The world's peace will never be absolutely safe as long as there is left an unconverted sinner. Purity brings joy. It is not what a man has that makes him happy, it is what he is.

"If a hypocrite is between you and God then mathematically he is nearer God than you are. And can not tell what a man is by his conduct for we what he lives."

Dr. Williams will speak each evening at 7:45 at the church and Mr. Lillehaa will sing. The series of meetings close on Sunday night.

WORK OF MARINES AT CHATEAU THIERRY

Washington, April 23—Of the 8,000 officers and men composing the marine brigade when it and other units of the second division went into action near Chateau Thierry last July to stop the German thrust at Paris, 126 officers and 5,071 men either were killed or wounded before the brigade was relieved.

In disclosing these casualties yesterday, Maj.-Gen. Barnett commandant of the marine corps said published statements from army officers that the marines were not in the fighting at Chateau Thierry were misleading. The marines, he said, were not actually in the town itself, but fought in the Chateau Thierry area.

URGES MISSISSIPPI VALLEY TRADE BOOM

Development of Vast Rich Territory Discussed.

Chicago, April 23.—Development of the great Mississippi valley stretching from the Rockies to the Alleghenies, and from the Great Lakes to the gulf, was urged today by John M. Parker of New Orleans, president of the Mississippi Valley Association at its first annual convention. He spoke of "The New Era" unfolding for the prosperity of the valley.

In the past, he said, the valley had been made tributary to the Atlantic seaboard, railroad lines of high resistance had been established during what he called the "second period of transportation, which had carried the products of the country from west to east largely; even the trend of thought had been educated to an east-and-west movement." The "first period" he mentioned was that of pioneer water transportation. Of the third—the "new era"—he said:

"This third period involves the use of our waterways in conjunction with our easy grade rail lines, the efficient development of our gulf ports, the efficient use of our American merchant marine, and easy access to the world's new markets of great promise—Mexico, Central and South America, Africa, Oceanica and the Orient. The Panama canal opens the way."

F. Ernest Cramer of St. Louis, pointed out the benefits to be derived from operation of the proposed Mississippi Valley Overseas Trading company, with a capitalization of $25,000,000 for import and export business; called attention to action of the Missouri legislature in adopting a bill providing for organization of a discount bank at St. Louis to extend credits to foreign buyers, and declared there is an opportunity in the valley for establishment of a great export and import ship operating company.

FIGURE 8 JONAH TO HOHENZOLLERNS

(Correspondence of Associated Press)

Berlin, April 15.—A student of history has discovered that the figure eight has played a dramatic role in the lives of the Hohenzollerns. Two German emperors died in 1888. Two attempts were made on the kaiser's life in 1878. Frederick William fourth's mental disease compelled him to make way for a regency in 1858.

The year 1848 brought revolutions and a terrible humiliation for the king. Frederick the Great suffered his severest defeat in 1758 at Hochkirch. The Thirty Years war began in 1618 and brought unspeakable misery to the lands of the Hohenzollerns. The Great Elector died in 1688. Elector Johann Sigismund in 1608 and Elector Johann Georg in 1598. The crowning disaster to the Hohenzollerns came in 1918.

AIRPLANES AT TUSCOLA THURSDAY

Tuscola, April 23.—Tuscola people are expecting a visit Thursday morning of two airplanes from the aviation field at Rantoul. The visit, which will be made as a part of the program of the government for enlisting recruits in the army and especially the aviation branch, is to be made between the hours of 9 a. m. and noon. If the weather is suitable.

While the matter of training the air men at Rantoul field was being pushed to the limit last year, the flying machines became so common here that people did not even stop their work to look at them. Some days there were dozens of them flying about in this vicinity and at such times the whir of the motors and propellers were constantly to be heard. Few of them have come this way so far this spring.

The Tuscola board of education met Monday evening. This being their first meeting since the election the board organized by re-electing H. P. Campbell as president and Dr. C. L. Hing as secretary. The board remains exactly as it was last year, the two retiring members being re-elected. No teachers have yet been hired for the coming year, and one of the matters of importance in that line will be the hiring of a superintendent. J. C. Hammond, who held the position of superintendent of the Tuscola schools, some time ago announced that he would not be an applicant for the position again. Mr. Hammond with his family expects to go on a farm near Greencastle, Ind., as soon as the present school year closes.

The Literary department of the Tuscola Woman's club met Tuesday afternoon with Mrs. Kate Moore as leader of the lesson study.

Vance Cromwell went via the Illinois Central to Chicago, Tuesday.

Mr. and Mrs. J. W. Ingram of Decatur have been visiting Tuscola relatives the first of this week.

Vance Elmore was in Champaign Tuesday.

On next Saturday, April 26, one of the special war exhibit trains that are touring the country will visit this city, arriving in Tuscola about 7 a. m., via the Illinois Central. The train is to remain here until 11 a. m., and will then leave here via the C. I. & W. for the west. Tuscola is the only Douglas county town that will be visited by this train of war relics and equipment, except that it will make a stop of thirty minutes at Arcola, while on route here. The trains are touring the country in the interest of the Victory loan campaign and will carry a band and several speakers.

Arrangements were being completed by the various committees for the home coming and reception of the Douglas county soldiers who have returned from the service, to be held on Thursday, May 1, when at a meeting of the committees held on Monday night it was decided to postpone the affair indefinitely. There are several reasons for the postponement, one of the chief of which is the fact that the soldiers are still coming home rapidly and it was thought best to wait until more nearly all of them are home. The meeting will probably not be held until late in the summer or early in the fall.

Mrs. Fred D. Michener, accompanied by Henry Hostetler of Belair, Tex., who is visiting at the Michener home, went to Brownsvalley, Ind., Tuesday to visit Mr. and Mrs. C. R. Hostetler. Mrs. Michener and Mrs. C. R. Hostetler are aunts of the young man from Texas.

STRIKES CONTINUE THROUGHOUT SPAIN

Madrid, Tuesday, April 22 — The Spanish government has abandoned the idea of placing the postal service under military control as the men are beginning to return to work in satisfactory numbers. It is hoped to restore the telephone service throughout Spain within forty-eight hours, but negotiations with striking telegraphers have failed. The Textile strike at Alfoy is reported as being more serious and martial law has been proclaimed there.

Spanish diplomatic representatives report that the Bolsheviki government in Russia is manufacturing foreign coins and banknotes to be used for propaganda service.

WRIT HALTS PRODUCE FIRM

Springfield, April 23.—The firm of M. M. Munson & Co., dealers in eggs, poultry, hides and junk in Illiopolis, must cease to do business, in compliance with a temporary injunction granted Monday by Circuit Judge E. S. Smith in his chamber at the court house.

Frank J. Gansler, who purchased the business of Munson some time ago, asked that the injunction be granted on the ground that the defendant was violating the contract made on the day of the sale by operating in the same line of commodities within a radius of nine miles of Illiopolis.

POSTAL WORKERS TO SUSPEND WORK

Paris, April 23.—Members of the Postal Employes union have decided that their participation in the demonstration to be held on May 1 will take the form of a suspension of work varying from 24 hours in the case of workshop hands to half an hour in the morning and afternoon for telephone and telegraph employes.

Why I Cure Men

Possibly you may have thought—because I have been a practising physician for many years—that I have no better medical advice and assistance to give than old-time doctors whose methods are antiquated and obsolete. I can assure anyone that such is not the case—that my methods are decidedly those of today. My treatments and cures for diseases of men have proven their efficiency by valuable experience, and observations of the past and the net result is the perfected method of the present. Come to SEE ME if you have Hydrocele, Varicocele, loss of Vigor, or any Nervous Disease or Blood Disorder.

You can profit by a prompt visit. Advice honest and candid. Examination free and strictly confidential. If out of town, write. Prices moderate.

MRS. DOWNING AT THE PINES

Audience Interested in Food Address.

PLEASANT EVENING

Wafers and New Sausage With Cornflakes.

An audience that filled the parlor at The Pines Tuesday night heard Mrs. Helen H Downing make her talk on "Conservation and Intelligent Use of Food." The women were very much interested

After the lecture, A. H Runkel, manager of the local Armour branch, assisted by salesmen and by Mrs Runkel and daughter, served wafers and two kinds of summer sausage. They also distributed to each one present, a package of corn flakes.

The company of people had a pleasant half-hour social time Music was furnished by a victrola. The refreshments were served to everybody, including the boys on the porch outside, and every one had plenty Dwight Stamper, R. R Y. M. C. A. secretary, was present and assisted during the evening

Mrs Downing left at 9 o'clock for Springfield She gave an early morning lecture there today. She is to be in Springfield for three days

SUBSTITUTES

Mrs Downing spoke partly as follows

"We have learned in the last year to use many substitutes for wheat These substitutes are all palatable and easy to use, with the exception of barley The reason barley was not a success, too much of it was used, making a heavy mixture Use more corn meal The darker breads are better for us

USING VEGETABLES

"When you open a can of vegetables or fruit, pour them out of the can into an open dish and allow to stand twenty or thirty minutes They will then aerate and taste much more like the fresh vegetables or fruit. This is good for any canned goods

"Cornflakes may be used in a number of ways other than with sugar and cream Eat the thick cornflakes as popcorn, roll them and use as crumbs are used over the top of the casserole sprinkle on the top of juicy fruit pies for thickening.

"Save butter. Don't use it to cook with, for the water evaporates and sputters, leaving the pure protein which burns so readily. Use a good vegetable oil It much cheaper and more satisfactory.

TOO MANY JOBS

"War has taught women to buy carefully and cook carefully. For many years American women have tried to do too many things at one time—while the meal is on the stove cooking, the housewife is working about another part of the house. This is a thing we should guard against. Too much food is wasted by over cooking or undercooking. European women cook while cooking; they watch the food. They waste absolutely nothing. Cook carefully and season well is their secret of delicious dishes from cheaper cuts of meats and other foods.

READ LABELS

"Learn to Read Your Labels" is the slogan of well trained women buyers. Three reasons for buying are Suggestion from the dealer, habit, and impulse. Watch the good magazines and newspapers for advertised products. No firm advertising extensively can afford to put on the market any other than a high grade of food.

"Plan your meals a day or two in advance, then you can use all leftovers. The first thing a woman should do is to start a well regulated household budget. Plan your expenditures to save part of your income"

CORNFLAKE MACAROONS

While in Decatur Mrs. Downing recommended a recipe for cornflake macaroons to her audiences. The recipe for this is as follows

1 egg
½ cup sugar
½ cup coconut (cocoanut, canned in milk with the milk drained off).
2 heaping cups corn flakes (thin)
2 tablespoons melted fat.
½ teaspoon vanilla.

Mix and drop from the spoon on greased pan, an inch apart, These are very delicious, and nourishing for children.

MOULTRIE COUNTY BOARD SESSION

Sullivan April 23.—The board of supervisors met here Tuesday. M. C. Foster of Lovington was elected chairman. Four new members were sworn. They are, J. E. Richter, Democrat, of East Nelson township, John W. Craig, Democrat, of Jonathan Creek township, R. L. Edwards, Republican, of Whitley township and W. A. McKinney, Republican, of Marrowbone township.

The board last year stands six Democrats and three Republicans Contests have been raised in electing a chairman for several years as it seems that none of the men is anxious for this position

Plans are in to make a big Victory Loan booster day in Moultrie county and especially in this city as airplanes are to visit here Thursday morning between 11 and 12 o'clock noon, arriving here at nine and leaving at twelve, and in the evening at 5 o'clock, a war exhibit train will arrive in the city and remain here for the entire evening, one of the whippet tanks will be with the train and a military band will be along to furnish the music for the evening.

The local Odd Fellows lodge has set their celebration of the one hundredth anniversary of the order for Friday night

The members of the New-Adult club gave their annual dinner at the home of Mrs. C. L. Thompson on West Monroe street Thursday evening when the husbands of the members of the club were their guests. A beautiful 1-course was served and at the close of the dinner all retired to the home of Mr. and Mrs. Frank C. Newbould next door where the remainder of the evening was spent in games.

A severe thunder storm visited this city about 1 o'clock Wednesday morning but little rain fell The rain of Tuesday morning did not extend southwest of this city.

Asks Divorce.

Lenna Hawbaker, has filed a bill for divorce from John Hawbaker. They married Oct. 31, 1916, and lived together till Jan 17, 1917. She charges him with desertion, says he is capable of earning from $2.50 to $3 a day, and she wants some of it for her support.

OPERA SELECTIONS WELL PRESENTED

Mrs. Rose Borch's Training Highly Praised.

The evening of grand opera given by Mrs. Rose Borch and her pupils Tuesday night was so well attended that a number of persons were turned away. Mrs. Borch, of the voice department of the Millikin Conservatory, was assisted by Eldon Geiger, supervisor of public school music, and

MRS. ROSE BORCH.

Kenneth Pound, as well as by Miss Gladys Orr, who played the accompaniments throughout.

The work of Miss Florence Brown, violinist, Miss Mary Keith, pianist and Lyle Downey, 'cello, in their playing the scores of Faust and Carmen, was greatly enjoyed by the audience.

The entrance of Mrs. Borch as Margueritte in Faust, was greeted with applause. She sang the Jewel song with grace and excellent technique. In the presentation of Faust, Mrs. Borch as Margueritte was followed in the same character by Beatrice Fagen, who did beautiful work in the duet, "Let Me Gaze," with Kenneth Pound Mr. Pound took the title role of Faust. Although Mr Pound was suffering from a heavy cold, his work was excellent Eldon Geiger, as Mephisto, handled the difficult "Pedestal" solo splendidly. Miss Grace Record sang Siebel's flower song in a charming manner.

MADAME BUTTERFLY.

Mrs. Elizabeth Cope scored in "Madame Butterfly." Her handling of the part of Geisha, particularly the famous number, "Some Fine Day," was exceptional In the Cherry duet, she was assisted by Miss Helen Cantrell, who took the part of the faithful Suzuki in a delightful manner Clyde Beadles, as Sharpless, was well received. Madeline Pygman took the child part of Trouble.

The parts of Carmen, which were given as the final number, were particularly effective. Mr. Pound did his best work as Don Jose, the soldier infatuated with Carmen. His duet with Miss Grace Record, as the faithful Micaela, was most effective. Miss Record has a charming voice and she handled the part of the simple and affected peasant girl, Micaela, in a delightful way.

The singers appeared in costumes which were ordered especially for the opera.

PRAISE MRS. BORCH.

The program throughout showed the excellent training of Mrs. Borch who worked diligently in preparing this treat for Decatur music lovers

Credit for the success of the evening is largely due to Mrs. Borch's efforts in planning and preparing for this evening of opera.

SEEK FINANCES FOR CITY PLANS

Work Will Cost About $5,000 When Complete and Published.

The finance committee of the City Planning Commission mailed a letter Tuesday to citizens of Decatur explaining the work which is to be done and asking financial support for it. The total cost for the city plan and its publication in book or pamphlet form is estimated at $5,000. A considerable proportion of this fund has already been subscribed but the finance committee is anxious to complete the fund as quickly as possible.

Every subscriber to the amount of $5 or more will be given a copy of the printed report. This printed report is expected to contain the suggestions of the experts, maps of the proposed changes and other information as to the policies suggested by the engineers.

HALF HOLIDAYS BEING ARRANGED

Banks May Keep Schedule of Last Year.

Bank employes may get the Thursday half holidays this year for only three months, June, July and August, the same as in 1918. The bankers used to take four months some times five but because of war work last year, only took the three hottest months. As work continues heavy, the bankers themselves think they will have to stay on the three months schedule. They have not fully decided yet but have discussed the matter.

Department store heads say it is yet a little early for them to take up the half holiday talk but they presume they will also follow the old schedule, that of Thursday afternoons off in July and August. The doctors start out with their half holidays next month and continue throughout the month of October.

SEERESS JAILED AT MONTICELLO

"Madame" Lynn Attacks Cerro Gordo Woman.

Monticello, April 23 — Mrs. Lina Bowman, more familiarly known to residents of this section as "Madame Lynn," languishes in the Piatt county jail in lieu of $2,000 bond demanded by a local justice of the peace late Tuesday afternoon after "the madame" had been arrested and arraigned on a charge of assault upon Mrs. John Welty of Cerro Gordo.

The details of the thriller, which was one of the bloodiest fights ever staged here, follows:

LOST BROOCH, CRIED "THIEFT."

Mrs. Welty of Cerro Gordo came to Monticello Monday afternoon to see "Madame" Lynn. "Madame" Lynn was not at home so Mrs. Welty returned to Cerro Gordo. About 10 o'clock Monday night, "Madame" Lynn called Mrs Welty on the telephone and accused her of taking a valuable diamond brooch from the Bowman house in the afternoon.

On Tuesday morning, Mrs. Welty came to Monticello and while she was at the lawyer's office, "Madame" Lynn called the lawyer, who let Mrs. Welty talk to her. "Madame" Lynn said that she had found the brooch.

Mrs. Welty took a taxi and went to the house to see "Madame" Lynn.

LOCKED WOMAN IN ROOM.

A short time after she had gone into the house, the taxidriver heard loud screaming. On investigating it was found that "Madame" Lynn had taken Mrs. Welty to an upstairs sewing room, where Mrs. Welty had done sewing for her from time to time, and had locked the door and attacked her.

Mrs. Welty had tried to break the glass in the windows in order to get out, on the porch roof. She was badly cut and bruised. It was one of the bloodiest fights ever seen in Monticello.

"Madame" Lynn was arrested on a state warrant and is now in jail.

NAB ABSCONDING U. OF I. BET HOLDER

Champaign Gazette: Joe Keller, alleged absconding bet holder, formerly in business in Champaign, also secretary of the Champaign Moose lodge, and who, until his disappearance immediately after the Chicago-Illinois football game in 1916, was one of the city's most popular members of the sporting fraternity, is under arrest at Venice, Cal.

An indictment returned by the January, 1917, grand jury charges Keller with embezzling from the Champaign Moose lodge the sum of $1,000 in cash. County officials also have trace of $2,700 which Keller obtained as stake holder during the memorial football game, they say, but he can not be prosecuted for obtaining that amount, it was the belief of the state attorney's office.

Keller conducted a tailor establishment in Champaign for several years. He became well known among the sporting fraternity, especially students at the university. He soon became generally known as a stake holder for bets made on big sporting events. He always held stakes for the Chicago-Illinois football games. It is alleged that he generally told students here that he had a fortune of Chicago money to bet on Chicago. He would then obtain money from the students, presumably to cover the Chicago bets. Chicago always won the games, until 1916, when Illinois defeated the Windy City aggregation. When students went to collect their bets the following morning, Keller was gone.

WARREN MOTHERS MEET FRIDAY

Dr. Frank Fox to Speak; Mrs. William Downey Will Read.

The Mothers' club of the Warren school will meet Friday afternoon at 3:30. Mrs. William Downey will give a reading and a group of songs will be given by the sixth and seventh grade girls. Dr. Frank Fox will talk to the mothers on some educational topic.

The two letters from the Warren school war orphans will be read. Plans will be made for a bakery sale. The meeting will be in the nature of a fare well for Mrs. Rollin Pease, who is moving out of the Warren school district.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edward's Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

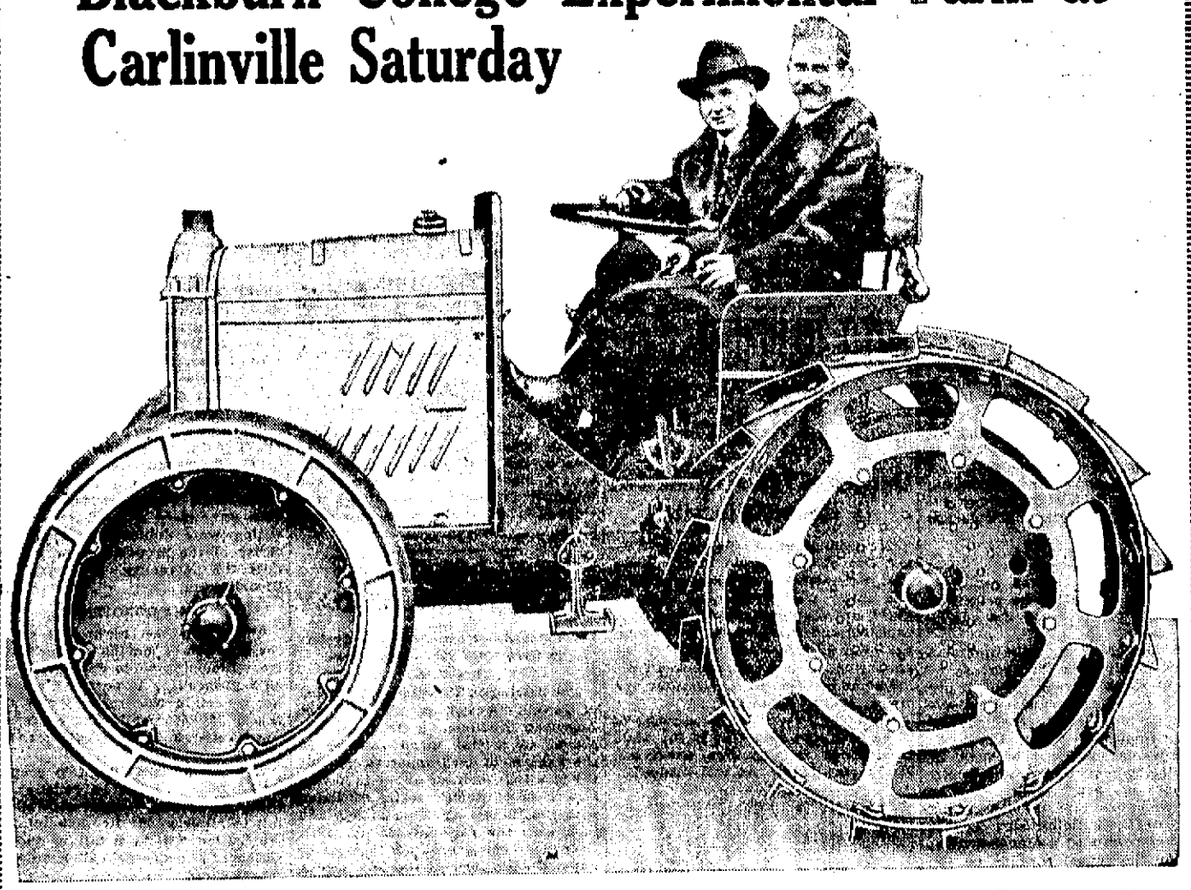
Illiopolis Today——Springfield Thursday

Blackburn College Experimental Farm at Carlinville Saturday



Corn is being hauled to the elevator at Illiopolis today. The Dual Truck-Tractor will pull these grain wagons up the elevator incline.

AFTER THE DEMONSTRATION AT ILLIOPOLIS, WHERE THREE FOURTEEN-INCH BOTTOM PLOWS WILL BE PULLED, THE DUAL TRUCK-TRACTOR WILL PROCEED TO SPRINGFIELD, ILLINOIS, THAT THE STATE OFFICIALS AND MEMBERS OF THE LEGISLATURE MAY HAVE AN OPPORTUNITY TO INSPECT THIS WONDERFUL MACHINE. From Springfield, the Dual Truck-Tractor will go to the Blackburn College Experimental Farm, Carlinville, Illinois, where a demonstration will be made Saturday, April 26th.

Remember, this journey is made by the Dual under own power, pulling a trailer. The Dual will trail five tons easily. This machine will do more than any other tractor has ever done before. It is efficient as a tractor, as a runabout, as a truck for pulling purposes and a power plant. Don't fail to see it.

How are the Roads?

Tuscola—All roads in good shape; not enough of the rain Tuesday morning to have any bad effect on roads.

Around Macon the rain was rather heavy, and the roads are somewhat slippery, but cars are running as usual. In going from Elwin to Macon it is best to take the west road as work is being done on the east road just now.

Sullivan—Roads are still in a slightly muddy condition.

LIVED 63 YEARS IN CLINTON

Clinton, April 23. — Erasmus R. Mayall, a well-known citizen of Clinton for sixty-three years, died at 9 o'clock Tuesday night at his home.

Mr. Mayall's death came very suddenly. He was taken ill only Tuesday morning and previous to that time had apparently been in the best of health. During the winter he suffered an attack of influenza, but had apparently completely recovered from the effects of the disease. His death is attributed to the effects of the disease lingering in his system.

Erasmus R. Mayall was born in Clinton in 1856. Surviving are the wife and five children: Carl Mayall, Mrs. Carl Polen, Roscoe Mayall, Hazel Mayall and Everett Mayall, all of this city. There is also a brother, John Mayall in Tunbridge township.

Mrs. Nellie Armstrong, 211 West Main street, received a telegram Tuesday night from Porter, Okla., which brought news of the death of her sister-in-law, Mrs. B. B. Ives, a former resident of Kenney. Mr. and Mrs. Ives left Kenney, where Mr. Ives had been engaged in the furniture and undertaking business, fifteen years ago and had made their home in Oklahoma.

The body will be brought to Kenney for burial, leaving Porter, Okla., on Thursday.

Quotas for Clintonia township were fixed Tuesday and announced by Chairman George B. Marvel, in charge of the drive in Dewitt county. The quota for Clintonia township is $238,500 for the Victory Loan. The quotas for the different townships are as follow:

Tunbridge	$ 46,000
Texas	25,000
Creek	40,000
Nixon	45,000
Dewitt	30,000
Harp	30,000
Barnett	35,000
Waynesville	45,000
Wapella	45,000
Wilson	20,000
Nutbridge	25,000
Santa Anna	60,000
Clintonia	238,500
Total	$733,500

Members of the building committee of the board of supervisors composed of Allen Reynolds of Clintonia township, T. R. Wilson of Wilson township and John O'Brien of Wapella township, with Sheriff J. W. Parsons, went to Bloomington Monday and conferred with Supervisors C. C. Wagner, D. D. Moore and W. E. Rayburn and Sheriff Spafford in regard to some improvements which are being talked of for the Dewitt county court house and the surroundings.

CORN ADVANCES TO $1.55 HERE

Some Farmers Buying Grain Back to Feed.

RECORD HOG PRICE

Porkers $21.10 in Chicago; $19.50 Here.

The Decatur grain man who predicted about six weeks ago that corn would approach $2 a bushel before the new crop was ready for market seems in a fair way to be justified. May corn was up to $1.67 a bushel at Chicago Wednesday and cash corn at Decatur mills was marked up to $1.55.

The grain situation is unusual and with hogs touching $21.10 a hundred pounds, liveweight, Wednesday in the terminal markets the indications of anything like a drop in some of the staple provision lines seems mighty small.

BUYING CORN BACK

Grain men report that in some sections of the corn belt not far from Decatur farmers are buying back corn from the elevator men for feeding purposes. In their original selling some of the growers sold down too close and with the record breaking prices now being offered for hogs the pork raisers are buying back corn to finish the livestock in good shape to get the high prices offered.

The poultry men report no change in the prices of eggs and chickens. Usually after Easter there is a decided drop in the price of eggs but there is no indication of a decline this year.

EGG SHORTAGE

"If we have a cold winter next year" said a Decatur egg dealer Wednesday "I do not see any limit to the high price of eggs. Owing to the very unusual prices prevailing now concerns which ordinarily would store ten to twenty carloads are putting away two to four cars. That means the shortage next winter may become acute, especially if the winter should be severe. The winter which has just closed was so mild that there was a fair supply of eggs from southern districts all winter."

The deliveries of eggs are dropping off now, owing probably to the fact that many are being put under hens or in the incubators for hatching.

Tops in hogs were bringing $19.50 in the Decatur market Wednesday, the highest price ever paid by local packers.

Decatur dealers are offering the following prices for grain:

PRICE CURRENT.

Chicago, April 23.—Price Current today says—Reports to the Price Current Grain Reporter say that soil conditions in the principal grain states is reported almost entirely favorable, with the exception that in the northern sections, including the state of Pennsylvania show almost entirely too wet, so spring farm work and seeding is being delayed. The season is reported early except that the states of Kansas, Nebraska, Iowa and the northwest are late. Spring wheat growth continues above normal.

Percentage of spring wheat that has been sown is reported on average for each state as follows: Ohio, 100; Indiana, 95; Illinois, 95; Iowa, 95; Minnesota, 85; North Dakota, 22; Nebraska, 90; South Dakota, 55; Kansas, 100.

Oats seeding is somewhat later and with percentages following substantially the seeding of spring wheat above mentioned.

CORN SOARS TO HIGHEST PRICE

Chicago, April 23.—Active buying and sharply higher prices in the corn market today resulted from wet weather and from new top record quotations on hogs. European political uncertainties tended also to strengthen bullish sentiment regarding corn. Besides, country offerings were only moderate. Opening prices, which ranged from ½ to 2½c higher, with July $1.58½ to $1.59½, and September $1.55 to $1.56½, were followed by material further gains.

All deliveries of corn went above any previous quotations this season. On the lulls, profit-taking assumed large proportions, and served temporarily to check buyers somewhat. The close, however, was strong, 3 to 5½c net higher, with July $1.62⅝ to $1.62½, and September $1.53½.

Oats ascended with corn. After opening ½ to ½c up, with July 70½ to 71c, the market continued to harden.

Provisions took a decided upward swing, impelled by the strength of hogs and corn. Lard led the advance. May lard touched $31.00, a new high level.

PAY $300 ACRE FOR FINDLAY FARM

Arthur, April 23.—H. M. Rigney, of Arthur and John L. Rogers of Findlay on Tuesday sold the John Cribbet farm of 160 acres, a mile north of Findlay to J. D. Warren of Arthur and Henry C. Ray, of Sullivan for a consideration of $48,000 or $300 per acre. The place is well improved and in a high state of cultivation. It is the highest priced farm ever sold in the Findlay neighborhood for as large a tract.

ARTHUR FARM AT $300.

Dr. T. G. Mills on Tuesday bought the Milton Bullock farm of 40 acres, four miles northwest of Arthur for $12,000, or $300 an acre.

BOND SALES NEAR HALF MILLION MARK

Mueller Manufacturing Company Subscribes $25,000—County Slow in Starting On Account of Farm Work.

With $13,000 in bonds sold and accounted for on which the ten per cent has actually been paid early Wednesday morning, and with a subscription from the Mueller Manufacturing Co. of $25,000 and another from another firm for $10,000 made during the day the total for the day was reaching rapidly toward the half million mark of sales actually reported.

At the meeting of the captains of the men teams Tuesday night it was decided that the method in which each precinct should be handled should be left to the judgment of the two captains, the head of the men's team and the head of the women's organization in each precinct.

MAY CANVASS HOUSES

Whether or not a house to house canvass should be made after a canvass of the poll lists showing who had already subscribed or whether the people should be seen at their places of business was left to the judgment of the team workers and their heads.

A few teams were at work Wednesday and it is expected that the entire city and county force will be on the job Thursday and Friday to "hope" each precinct. It is probable that there will then be held other meetings so as to keep the city and county checked up to the moment.

STARTING IN COUNTY.

In the county team are beginning to get at the work although the fact that farmers are getting their corn ground ready means that most of the work must be done evenings. County captains were in the office of the committee Wednesday getting their supplies and expressing a determination to get their quotas before the end of the time assigned for the completion of the campaign.

The investment value of the new issue is very generally being recognized in view of the probable heavy taxes, coupled with the fact that the income is selling many bonds particularly the 4¾ per cent issue, which is being bought by persons of the smaller incomes. Estates and trust fund are expected to buy heavily of the 4¾ per cent bonds because of their freedom from the surtax and all income taxes.

USUAL ARGUMENTS.

The usual arguments are being made both by the buyer and by the workers but the education in the desirability of government bonds has been completed in spite of the absence of the war excitation in this campaign there is very generally the quiet recognition that it is either buy a bond and get interest on the investment or be taxed to pay the war bills and get nothing back.

Soldiers are being asked to enlist on the teams and go with the workers on this campaign. Their moral influence is expected to be effective as an argument as to why the bonds should be sold.

It is the intention of the executive committee to make this a short, snappy drive and not to drag it out for the three weeks allotted to it.

"The workers are busy people" said one of the captains, "and they want to get the big job over with quickly. The men want to get back to their business and the women also are equally anxious to return to their family and business duties."

AIRPLANES DUE HERE TOMORROW

Coming From Chanute Field on Recruiting Trip.

Lieutenant Frank L. Fulke of the U. S. aviation service who fell with his plane in Springfield Tuesday was in Decatur Wednesday for a short time. He was on his way back to Chanute field. He will be back to Decatur Tuesday and expects to arrive here about 2 o'clock.

Lieutenant Fulke says that his plane dropped about forty feet and was out of control when he fell. Neither he nor the man with him at the time was hurt. The machine has fall to handed to landing space. He had made two attempts to land before but was unable to do so on account of the crowd.

Two planes are expected to make the trip to Decatur from Chanute for recruiting purposes.

ATHLETIC MEET AT RIVERSIDE

Will be Held Friday Afternoon After Mother's Meeting.

The Mothers club of the Riverside school will have a business meeting at 1:45 Friday afternoon. At 2 o'clock the school will have its athletic meet and all parents and people of the community are invited. On account of this meeting the parent-teachers meeting planned for Friday evening will be postponed until another date.

Two Permits.

Two building permits were taken out Wednesday morning. One was by William H. Weitz, who will build a new brick residence of five rooms and bath at 921 South Webster street. It will have a tile roof and will cost $4,000.

The other permit was issued to Fred Cole, for a garage at 1102 East Wood street, to cost $150.

MANY BONDS SOLD TO RAILROAD MEN

Wabash Decatur Division Takes $57,550.

PENNSYLVANIA BUSY

General Inspection Delays Canvassing.

The total Victory loan subscriptions for the Decatur division of the Wabash Wednesday morning were $57,550. The amount subscribed Tuesday was $21,500. Two special trains with soliciting committees are not Wednesday, one of them cleaning up the 14th district from Litchfield to Decatur and the other on the Streator branch.

The maintenance of way department still heads the list with subscriptions totaling $20,450. The agents and station employes come next with $15,050. It should be explained that there are more of the maintenance of way men than of the station men. Also that the maintenance of way men and station men have been more thoroughly solicited than any other classes of employes. By means of the special trains and soliciting committees it is possible in a day or two to get at all of the track men and station men it takes time to get at all of the train and engine men.

BRAKEMAN TAKES $1950

A passenger brakeman came into the office of the superintendent Wednesday morning and subscribed for $1,950 worth of bonds. His total bond holdings when he gets the last lot subscribed for are just a little under $10,000. He is one man who made up his mind in the beginning that Liberty loan bonds are a good thing to own and the more he saw of them the better he liked them. He not only invested all of the spare money that he had but he got rid of investments of other kinds and put the money into bonds. It is an interesting detail that he saved this money in seventeen years from his salary as a passenger brakeman.

B. Y. Hays of the assistant engineers office was out two days with the soliciting committee on the sixth and seventh districts of the Wabash. He says that you don't have to talk section and station men into buying bonds. They jump at the chance to buy them. It was a surprise to the committee. The members thought the campaign was going to be a drag. The only persons who are not buying this time are those who have had sickness in their families or some other hard luck. Every one who has a few dollars to spare or has them in sight is buying bonds.

ON PENNSYLVANIA.

The total Victory loan subscriptions on the Peoria division of the Pennsylvania railroad up to Tuesday night were $9,959. C. F. Redmon, secretary of the bond committee for this division said Wednesday morning that owing to the fact that an inspection of this division by the general superintendent is on this week the loan campaign is not fully underway yet.

All of the division officers are out with General Superintendent T. H. Hamilton on this inspection trip. Superintendent Geddes, Trainmaster O. E. Linn who is chairman of the loan committee and A. S. Bland, division engineer left Decatur this morning with the general superintendent on a trip over the east end of the division.

Mr. Redman says that the subscriptions are coming altogether better than they expected. The circulars and literature were not sent out to agents until Tuesday and the returns are not expected until about Thursday.

In the local freight house every man including Agent Nathan Fisher, his force of clerks and the warehousemen took a bond. The division offices made practically as good a record.

DEATHS.

ELSIE M. HAYES.

Elsie May Hayes, eleven months old daughter of Mr. and Mrs. Theodore Hayes, died at 10 o'clock Wednesday morning in the family residence in Forsyth. She was born May 17, 1918. Her death was caused by stomach trouble. Arrangements for the funeral have not been completed.

FUNERALS.

THOMAS R. BROWN.

The funeral of Thomas R. Brown was held Tuesday in the church west of Mechanicsburg, where he formerly resided. The services were conducted by Rev. A. M. Sinclair of Decatur. There was a large attendance. Burial was in the cemetery adjoining the church.

BERT NORTON.

The funeral of June Marie Norton infant daughter of Mr. and Mrs. H. A. Norton, was held at 4 o'clock Tuesday afternoon in the residence, 966 South Traver street. The baby was two days old and died Sunday. The services were conducted by Rev. Mr. Bell. Burial was in Fairview cemetery.

MEETINGS.

Knights and Ladies of Security—Meeting at 7:30 Wednesday night, April 23, in the K. P. hall corner of Main and William streets. There will be dancing.

ANNE STORMINGER WEDS H. E. NOLTE

Ceremony in St. James Catholic Church.

Anne E. Storminger and Herman E. Nolte were married in the St. James' Catholic church at 8 o'clock Tuesday morning. The ceremony was performed by Rev. F. J. Ostendorf. They were attended by Miss Victoria Storminger, sister of the bride, and William Tauber. Anne Schimanski was flower girl and Leo Schimanski ring bearer.

The bride wore a dress of white georgette crepe and carried a shower bouquet of brides' roses and lilies of the valley. The bridesmaid wore a dress of pink taffeta, draped with pink tulle and carried pink roses.

The church was decorated with potted plants and Easter lilies. The wedding march was played by Sister M. Otto.

SERVE WEDDING BREAKFAST.

A wedding breakfast was served in the home of the bride's parents, Mr. and Mrs. George Storminger, 661 East Clay street. The house decorations were pink and white. The couple received many gifts including silver ware, cut-glass and linen.

Mr. and Mrs. Nolte left at 3.30 for Chicago where they will make their home.

Mr. Nolte is the son of Lawrence Nolte of Decatur. He was recently discharged from the army in which he served as a regimental sergeant major at Fort McIntosh, Tex. The bride has been employed in the ordnance department of the Mueller company.

Y. W. C. A. SECRETARY TO BE MARRIED

Engagement of Miss Caryl Axtell Announced at Dinner

At a dinner party in the Y. W. C. A., at which the Y. W. C. A. secretaries and Mrs. G. W. Jagers and Miss Blanche Jagers were the guests, Miss Caryl Axtell, extension secretary, announced her engagement to Lester Coughlin of Burlington, Wis., Monday evening. No date for the wedding has been set.

Mr. Coughlin is one of the owners of the Burlington Motor company at Burlington, Wis., and the couple will make their home in that city.

Miss Axtell whose home is in Rochester, Wis., has been with the local Y. W. C. A. about two years as extension secretary and has been very successful in that position. She has charge of all the club girls' activities and is very popular among the girls. She will continue her work with the association, as the wedding will not take place for some time yet.

FORTY ACRES IN VICTORY GARDENS

Pines Community Not Up to Last Year.

About forty acres are being put into gardens by people in the Pines community. This is not quite as many as there were last year, when it was estimated that there were seventy-five acres in gardens in that section. However, new gardens are still being started.

In a tract embracing about an acre immediately east of The Pines several boys are making gardens that are as orderly and neat and in as fine condition as any professional gardener's ground would be. Rows are straight and ground is finely worked up. A half dozen boys were working there until dark last night.

This tract has been put in gardens by the boys of that neighborhood for four successive years. It is likely that before another spring comes around a number of garden plots will be lost to the people of that vicinity as about forty lots have been sold to owners who are getting estimates for building.

LADIES' NIGHT AT UNIVERSITY CLUB

C. A. Walt to Read Paper on War Poetry Thursday Night.

Thursday night will be ladies night at the University club and members will be privileged to invite friends to attend the meeting which will be held as usual in the Betzer library room of the Y. M. C. A. building.

The paper of the evening will be given by C. A. Walt, assisted by Miss Marian Walt, on the subject—"The poetry of the war,—its philosophy and its permanent value." Miss Walt will read some of the best known of the war poems.

Go to Housekeeping.

Mr. and Mrs. G. R. Layher who were married in Springfield Tuesday began housekeeping Tuesday night in a home of their own in the 1500 block North Morgan street. Mr. Layher had purchased a handsome bungalow, furnished it completely and had it ready for the reception of himself and wife when they came home from the state capital.

Contagious.

A case of diphtheria is reported in the family of Louis Griswold 948 East Wood street.

BORCHERS CHARGES ILLEGAL VOTING

Say Young Colored Women Are Guilty.

ONE IS CHALLENGED

Atty. T. B. Jack Says He Stopped One Vote.

Charles M. Borchers, mayor-elect Wednesday morning declared there had been illegal voting in the last city election and his assertion was backed up by Attorney T. B. Jack who was in Mr. Borchers' office. "I don't know how many illegal votes were cast" said Mr. Borchers "but I do know that attempts were made in various districts of the city and that at least one illegal vote was cast in the Sixth district, 210 West Wood street, and another was challenged there and another in the Twenty-First district, and I understand that attempts were made in other districts.

"It seemed that young colored women, regardless of age were hauled to the polls. There are some things connected with the election that ought to be forgotten, now that it is all over; but I assure you this illegal voting will not be forgotten very soon."

CHALLENGED ONE.

"Two young colored women went into the voting place in the sixth district," said Mr. Jack. "They appeared to be too young to vote, and the youngest looking one was challenged. The other one had been given a ballot and while the talk was going on she marked her ballot, handed it to one of the judges and it was placed in the ballot box. I challenged the younger looking one myself, and she admitted that she was only eighteen years old. The older one was questioned also, and she said that she was nineteen. When Dave Hunt was taken to task about bringing girls not twenty-one years old to vote, he said that he thought they could vote if they were eighteen years old. The judges were indignant at this attempt at illegal voting.

"Miss Lou McReynolds was the second person to vote in the Sixth district. She was said to have been active in getting out the colored women voters in other districts, and she is said to have attempted to vote in the Twenty-first district after she had voted in the Sixth. Rev. J. S. Koerner said he challenged her vote in the Twenty-first district."

"BOILING HOT."

"I was boiling hot when I heard that story at noon on election day," said Mr. Borchers, "and I went straight to the judges and verified it.

"At one voting place I was told that more colored people voted there than actually lived in the district."

TWO TROOP TRAINS TAKE 800 THROUGH

Arrive Many Hours Ahead of Schedule on Way to Wyoming.

Two troop trains which were expected to arrive here some time Wednesday afternoon reached Decatur Tuesday night nearly a day ahead of expectations. The local Wabash officials based their judgment as to the probable time of arrival on the usual movement of troop trains but these two trains were rushed through from the east on passenger train schedules. As a matter of fact they contained nothing but passenger train equipment. The first of the trains got out of Decatur at 10:50 Tuesday night and the second at 12:30.

These troops were all Wyoming men and were on their way to Camp Russell. There were 800 on the two trains. They came from the east by way of the Erie railroad and were delivered to the Wabash at Huntington, Ind.

The arrival of the trains ahead of their schedule was a disappointment to the canteen committee who had every thing ready for the reception of the troops Wednesday. They were apprised of the change in program Tuesday afternoon however, in time to save the preparation of food.

ESTABLISH HOURS TO SEEK WORKERS

Unemployed Soldiers Requested to Report To Y. M. C. A.

In order to regulate the employment agency work at the Y. M. C. A. for returned soldiers, sailors and marines, the association announces that the hours for people to call at the association offices is between 11 and 12 in the morning and between 2 and 3 in the afternoon. Persons calling should ask for Secretary W. H. Duerr or Hubert Mills. Any persons desiring work done and especially farmers seeking help, are asked to notify the Y. M. C. A. so that some returned fighter can be placed in the work. Returned soldiers seeking work are requested to get in touch with the Y. M. C. A.

News from the Sick

Mrs. John B. Stewart, 437 South Monroe street, who underwent an operation at the Decatur and Macon County hospital, is reported improving.

The condition of Mrs. M. L. Harry, who underwent a serious operation in a Peoria hospital last week, continues to improve about as much as could be expected, considering the serious nature of the operation.

Mrs. J. W. Roggens, 504 East Olive street, is ill with Neuritis. She has been ill for the last three weeks. At times she suffers severely.

VOTE ON SCHOOL TAX TOMORROW

New Levy Will Provide for Salary Increase.

POLLS OPEN 10 TO 7

Added Funds Will Allow New Building.

The special school election called for the purpose of submitting to the voters of Decatur district the question of increasing the local school tax will be held tomorrow. There will be but one voting place, the high school building. The polls will be in the lobby at main entrance on Franklin street and will open at 10 a. m. and close at 7 p. m. Owing to the fact that Franklin street is being repaved it will be impossible for vehicles to approach nearer this entrance than half a block. Franklin street is blocked to vehicles at both North and Eldorado but by swinging around to the east vehicles may approach both the North and Eldorado street entrances.

THE QUESTION.

The question submitted is: Shall the board of education be permitted to levy 2½ per cent for the educational fund?

As a matter of fact the question actually involved is the increase of the total school revenue from 3 per cent to 4 per cent, under the authority of the recently enacted law known as housebill No. 85. Under the law previous to the enactment of this bill the maximum levy permitted was 3 per cent, 1½ per cent of which was for the educational fund and 1½ for the building fund. A more recent act permitted a school district to divide the school revenue on the basis of 2 per cent for the educational fund and 1 per cent for the building fund. Decatur district has for the last few years been availing itself of this. If the proposition submitted Thursday carries the district will go back to the original 1½ per cent for building fund and will increase the levy for the educational fund to 2½ per cent.

MORE MONEY NEEDED.

This election has been called early in order that the school board may take advantage of the increased revenue in the employing of teachers. The law authorizing the election was passed with an emergency clause because an emergency actually exists in every city in Illinois. Several cities have been even speedier than Decatur in submitting this proposition, one is Clinton and another is East St. Louis. In every case the higher rate of tax has been approved by an overwhelming majority.

There seems no doubt that the people of Decatur are heartily in sympathy with the proposed increase and will vote in favor of it if they come to the polls. A special effort is being made to get out a vote of respectable size in order that it may be a real expression of the sentiment. Hand bills are being sent out through the schools to every home in the city from which children go to school. These hand bills call attention to the date and place of the election and some of the imperative reasons for the need of more revenue.

WILL ADD $50,000.

It is stated that the ½ per cent increase in the levy for educational purposes will add about $50,000 to this fund. If the tax is voted, fifteen primary teachers cut off last year for lack of money will be restored. It is stated that 2,000 children are obliged to stay at home one-half of each school day for this reason. Primary teachers say that the education of these children has suffered a serious handicap because of these half-day sessions. The restoration of the fifteen primary teachers will add about $10,000 to the cost of operating the schools.

The salaries of teachers will be increased. The board has already voted an increase of $50 a year with a conditional increase of another $50 if the proposed new tax rate is approved by the voters. An increase of $100 a year for each teacher will absorb only about $20,000 of the increase educational fund and there will still remain $20,000. It is probable if the increased levy is authorized there will be a further increase in salaries. Teachers are asking for a minimum salary of $800 a year.

TEACHERS HAVE DEFICIT.

One startling fact was brought out by a questionnaire recently submitted to Decatur teachers. The pay which Decatur teachers are receiving as a body is less than the cost of living. According to this questionnaire the average deficit of Decatur teachers this year is $8 each. This does not mean that every teacher is going into debt but a great many of them are. The average debt of teachers in this city this year is $69. On the other hand a number of teachers in one way or another manage to save money. The average saving for this year is $61. This leaves a balance of $8 on the debt side of the account.

Some teachers manage to save money by living at home and paying nothing for room and board. Others pay merely a nominal sum, that is, are given part of their living. Some of them have no income outside of their salaries for teaching. One girl earns $600 in addition to her pay as teacher. But she works tremendously hard. She is paying off a debt and is wearing herself out.

CAN BUILD.

There will be a material increase in the building fund from the increased levy. This added to the money already on hand will be used to complete the main section of the new junior high school on West Grand avenue.

NEW COUNCIL IN PRIVATE SESSION

Met With Alex Van Praag for Luncheon.

The newly-elected city council dined with Commissioner-Alexander Van Praag today in his home, 1004 North Monroe street, and later discussed the organization of the new council.

Commissioner Mattes had asked that the council have 6 o'clock dinner with him this evening in his home, 654 West Decatur street, but some of them could not be present this evening and Mr. Van Praag insisted that his invitation was issued first and for an earlier hour, so it was accepted.

Supervision of the police department was expected to be the main discussion.

AUTO INJURIES MAY BE FATAL

Douglas Widick Removed to County Hospital.

That the injuries to Douglas Widick, one of the men in the Ford car that was smashed in the collision a few miles west of Argenta Sunday night, are far more serious than first expected and will perhaps prove fatal has been discovered from further examination. He has been removed from his home in Cisco to the Decatur and Macon county hospital.

His most serious injury consists of three fractured vertebrae in the neck, from which he is partially paralysed. He is also badly cut and bruised.

ANOTHER ADVANCE IN COFFEE PRICE

Flour Expected to Go to $15 a Barrel.

Dealers received notice Wednesday morning of another advance of two cents a pound in the price of coffee. There was a two cent advance in the last two weeks. Market reports indicate that there will be a still further advance. Reasons given for the advance vary. One of the most important given is that there has been a freeze in Brazil, and also that big shipments are now being made to Europe, especially Germany. One local dealer says the freeze in Brazil comes along with every advance and has for years so he does not think that is the real reason this time.

Flour also is on the advance. Dealers talk of a price of $15 a barrel.

POTATOES GOING UP.

Wholesale potato dealers report that prices for old potatoes are getting stronger. This is attributed to the fact that the holders of the old stock are inclined to speculate because of the shortage which is expected from the south.

Heavy rains in the early spring and the consequent high water in some of the best potato producing sections of the south delayed the planting and in some districts prevented it altogether. For this reason the crop from the south is expected to be both late and short. The owners of old potatoes are already holding for higher prices.

Atwood Crochet Club.

The Atwood Crochet club will meet Friday afternoon with Mrs. J. H. Harder, 969 East Main street.

Crochet Club.

St. Johannes' Crochet club committee will meet at 2:30 Thursday afternoon in the school house. Y. W. C. A. NOTES

The third in the series of competitive parties among the club girls of the Y. W. C. A. was held Tuesday evening with members of the Many Centers club as the hostesses. About thirty-five girls were present and they had a merry evening with games and stunts.

The D. H. S. club members hiked to Nelson park at 3:30 Wednesday afternoon for a wiener roast. The Kresge girls also will have a wiener roast at Nelson this evening. They will leave at 6:30 for the park.

CANDY SALE.

The candy sale to be held by the Federation will take place all day Thursday at the Decatur Railway & Light company office. Some of the girls will meet Wednesday evening at the home of Susan Allen, 940 South Illinois, to make candy, and others will make candy at their homes. The proceeds of the sale are to be placed in the Dewey Lake fund. In charge of the sale Thursday will be Fern Osgood, federation president; Susan Allen and Mrs. Seiberling.

OCEAN FLYERS STILL HALTED

St. Johns, N. F., April 23.—Fog, rain and opposing winds here today again delayed a start in the proposed transatlantic flight by Harry Hawker, Australian pilot of the Sopwith biplane team and Captain Frederick P. Raynham, his British rival, who is to guide the Martinsyde machine.

Scraps of News

WHEAT GROWING.

Wheat in the country is high enough to hide a rabbit. Old settlers are still commenting on the fact that they never saw the wheat crop come on as luxuriantly as it is this spring.

TULIPS STILL OUT.

The tulip show at Fairview park is still in full play. Practically none of the petals have been dropped, so that the show is still worth going to see.

RECITAL TONIGHT.

Mrs. C. H. Beane will appear in a song recital tonight at the Decatur Musical college. Her program will include several groups of songs, English, French and Italian.

SMALL FIRE.

The fire department was called to Fred Gillespie's residence, 1720 North Warren street, shortly after 2 o'clock Wednesday morning to a small fire in the basement. No great damage resulted. The gas heater which had been in use Tuesday night was left burning. It burned the utensils on the burner dry and the heat then caught a box.

START WORK.

Work on the building of the new Nurses' home at the Decatur and Macon county hospital was resumed Monday morning. The excavation had been made last fall and part of the foundation completed when work was stopped. The foundation is now completed.

JOSEPH DODSON HERE NEXT SUNDAY

President American Audubon Society to Give Talk in Second Presbyterian.

The coming to Decatur next Sunday of Joseph Dodson, president of the American Audubon society, is expected to arouse much interest in the subject of bird conservation and the idea that Decatur ought to have a bird club of some sort, affiliated with the Illinois Audubon society and thus with the national society. Mr. Dodson is being brought to Decatur under the auspices of the Boy Scouts, part of whose work is that of bird lore. Mr. Dodson will give his address in the Second Presbyterian church next Sunday evening, this address taking the place of the sermon. W. B. Olds is to sing bird songs in connection with the meeting.

Decatur is splendidly equipped with bird books. Among the books at the public library on that subject is one written by Mr. Dodson and presented by him to the library. It is found in the children's department.

Just now is the time farmers ought to be especially interested in the birds. The rose breasted grosbeak, which eats up the potato bugs and thus saves many potato crops, is due to arrive just about this time. A woodpecker is said to be worth $25 to a farmer because of crops it saves by destroying insects. The brown creeper is another valuable bird. It is known as the policeman of the tree, because of the fact that it digs into the places in the tree where the larvae are to be found and eats them. Many of the birds are of great economic value, and ought to be protected, but so far Decatur has no organization to push this work.

GLEE CLUB TAKES CHAPEL PERIOD

Expect Large Audience for Concert Thursday Evening.

The senior chapel period at the James Millikin University Wednesday morning was given over to the men's glee club, who gave a stunt and sang several songs announcing their concert which is to be held Thursday evening in the university auditorium.

Clinton File, made up as an antiquated farmer occupied the first of the period, telling several jokes and playing a sorrowful tune on an alto horn. He then introduced "his boys," the glee club, who sang The Goal, The Marching Song, and some other short numbers.

Immediately after the performance at the university, the glee club quartet went to the high school where they sang several selections and announced the coming concert.

The seat sale for this concert has been exceptionally good, and the men are expecting a large audience. The seats are being reserved at the Emerson Piano House and at the College Supply store.

WILL CONTINUE WESLEYAN FIGHT

Trustees Vote University to Bloomington.

EWING AGAINST IT

Says Action May Have to Be Reconsidered.

"The fight for Illinois Wesleyan university is not over yet," said Rev. Thomas N. Ewing, pastor of the First Methodist church in Springfield and former pastor of the Grace Methodist church in Decatur, upon his arrival in Springfield today from Bloomington, where he attended the meeting of the board of trustees and board of visitors of Wesleyan which voted to keep the university in Bloomington, according to an Associated Press dispatch from Springfield.

The meeting extended into the early hours today. The dispatch continues:

"Mr. Ewing declared that the meeting at Bloomington had many strange happenings, and after the vote had been announced a number of those voting were dubious about the sincerity of the proposition, which permits the university to remain in Bloomington.

THE PROPOSITION.

"The vote last night was not on the question of moving the university from Bloomington to Springfield, but on a proposition to permit Bloomington to retain the university if they raised $600,000 while the conference contributed $1,000,000,' said Mr. Ewing.

"Mr. Ewing said that this proposition likely will not be fulfilled. If either party to the agreement should fail to make good its amount, the proposition will be a failure and the action of the boards will have to be reconsidered.

ACTED AGAINST WISHES

"Rev. William F. Dowson, pastor of the Kumler Methodist church here, and a member of the conference, when informed of the action taken in Bloomington, declared that the trustees had acted against the wishes of the conference, which twice had recommended the removal of the university from Bloomington.

"'It is very doubtful if the conference will give the million dollars to the university, in view of the action taken by the trustees,' Mr. Dowson said.

CONDEMNS ACTION.

"'The action of the trustees is unprecedented and those responsible for acting against the wishes of the conference will be dealt with later.

"Other members of the conference, here today said that a meeting of the conference will be held in August, and it is very likely that a weeding out process will be started which will eventually result in the elimination of the trustees who acted antagonistic to the conference."

BEMENT PUPILS BURNED BY ACID

Chemicals Explode in High School Laboratory.

Bement, April 23.—Two high school pupils were severely injured and the high school thrown into a panic when a quantity of chemicals being used by the chemistry class, exploded Tuesday afternoon.

Thomas Allen, son of I. A. Allen, was cut about the face by flying glass and part of his hair burned off by the acid. Miss Helen Sprague was slightly cut and badly burned about the arms. Robert W. Brown, the instructor, escaped with only minor injuries.

The explosion rocked the building and the pupils in the assembly room rushed to the laboratory where the blast occurred. The members of the chemistry class doused their injuries, used fire extinguishers and prevented the flames which followed the accident, from gaining headway.

Thomas Allen narrowly escaped losing the sight of his left eye, two pieces of glass being imbedded only a hair's breadth away from the eye ball.

MURPHY FUNERAL.

Funeral services for Rev. Delmar Murphy of Brookston, Ind., formerly of Bement, were held at the Presbyterian church Tuesday morning. The Rev. Mr. Rodgers of Monticello, Ind., moderator of the Logansport Presbytery officiated. A quartet composed of Mrs. W. E. Olmstead, Mrs. S. W. Bodman, Miss Kathryn Fisher and Miss Mary Taylor, sang.

The pallbearers were Frank Sprague, W. A. Sterle, A. L. Wilkinson, J. L. Bodman, Frank Totten and Wilbur Hammond.

Rev. Mr. Murphy was 50 years old. His death was caused by apoplexy. He had been attending the Presbytery at Logansport going from there to Mishawaka, Ind., to take part in a missionary convention.

Judging of Distance—Judging of Eyesight—Prescribing Glasses!

Strangers traveling in the mountain country of Tennessee and the Carolinas always bring back humorous stories of how the "natives" judge distance.

"Two whoops and a holler" is often given as the distance between two points and it may be anywhere from ONE to THREE MILES of actual distance. The inhabitants of those regions seem to have no conception of lineal measurement in feet, yards or miles. That is why they are said to be "backward" and "undeveloped."

Yet their method of measuring distance is no more absurd than the prescribing of glasses would be without CAREFUL, PAINSTAKING EXAMINATION WITH PROPER INSTRUMENTS.

Experience, of course, enables a man to judge distances within a few yards, for short distances, and within a few hundred feet, if the distance is further. And just so, an experienced Optometrist is enabled to "guess" what is the trouble with a person's eyes and "approximate" the proper lens prescription without complete instrumental equipment.

Just as an adding machine, however, is more accurate and trustworthy than a human calculator, so is the SKILLED OPTOMETRIST WITH PROPER AND COMPLETE INSTRUMENTAL EQUIPMENT more trustworthy than the one without.

Every modern instrument is to be found in this establishment. It is not "luck" that makes Wallace patrons satisfied—it is SCIENCE BACKED BY SKILL.

MATTES AT MEETING

Commissioner's Work Endorsed.

The Decatur Medical society has appointed a committee composed of Drs. R. Zink Sanders, W. H. Bell, C. E. Woodward, M. P. Parrish and C. Martin Wood to make an appeal to the city council for an appropriation for the city health department that will make it possible for Commissioner Mattes to appoint an all-time health officer who will be a physician with training along the lines of health work. This work is now given in certain medical colleges. It is special course and Commissioner Mattes has been assured that such a specialist can be secured at a salary of only $2,500 a year.

If that is done it will be necessary to have a much larger appropriation than last year. During the last year or two the appropriation has been $8,000 to $8,500, and the Medical society believes it should be at least $15,000 in order to make the work of the department thoroughly efficient.

ENDORSES MATTES.

The meeting of the society was held Tuesday night, and it unanimously endorsed the work of Commissioner Mattes during the last four years and his reassignment to the department of health and safety. Mr Mattes was present and thanked the society for this expression of appreciation of his services and also the honor bestowed on him by making him an honorary member of the society. He expressed the hope of this membership would lead to better co-operation, as the interests of the society and the city health department are common interests. Should he be able to get the appropriation asked for he will be able to bring the department to a degree of efficiency never before attained.

With a physician on the staff at $2,500 a year, and a nurse at the venereal sanitorium at $1,400 a year, the proposed appropriation would leave only about $2,000 more than was available for the department of health last year. That, however, would be an immense help in case of an emergency. If all the money is not needed it will not be spent.

HEAR LECTURE.

Thirty-three attended the dinner given at 6:15 o'clock, and forty or more attended the lecture by Dr. Frank Smithers of Chicago afterward. He spoke on "Clinic Aspects of Diseases of the Gall Bladder." Dr. Berry, also of Chicago, and Dr. Griffith of Springfield, were also present. Seven Springfield physicians started in an automobile for Decatur to attend the meeting, but they had the trouble along the way and got here just as the meeting closed.

The next monthly luncheon will be given about May 15, and the next scientific meeting will be held the last Tuesday in May.

A number of Decatur physicians expect to attend the meeting of the State Medical society at Peoria May 20 to 22

G. A. R. AND W. R. C. ENJOY SUPPER

Forty-one Members Meet in Home of Mrs. David Bugh.

Forty one members of the G. A. R. and W. R. C. were entertained Tuesday night at a pot luck luncheon given by the members of the W. R. C. in the home of Mrs. David Bugh, 409 South Main street. After an unusually good meal, an informal good time was enjoyed.

Mrs. Inez Bender talked on the G. A. R. and its work, paying tribute to the boys who are coming home who will perpetuate the memory of the G. A. R. Mrs. David Bugh responded to Mrs. Bender's talk. Miss Mary E. Cryer gave a reading. Mrs. Lena Bender and Mrs. Elsie Ohmann gave several piano numbers and Dr. W. F. Calhoun and Wesley Laurick sang "Illinois."

A special one cent rate will be charged all G. A. R. and W. R. C. members who attend the state convention which will be held in Rockford June 4, 5 and 6.

Disturbing Peace.

Elizabeth Flanegan, a domestic, aged seventeen, living at 725 East Marietta street, was arrested by Officer Clark Tuesday evening on complaint of Mrs. C. E. Wright, who charged her with disturbing the peace. Miss Flanegan gave bond in the sum of $25 for her appearance before Justice Keefer at 1 o'clock Friday afternoon.

A BLOUSE BULGARIAN

BY BETTY DROWN.

The Bulgarian influence has been strong on feminine costumes this season, both in suits and frocks. Here is a blouse trotteur frock of deep blue silk Jersey, richly embroidered in Bulgarian designs of silk and wool in brilliant colors. Self-covered buttons march down the left side of the long tunic, and parade up the long, tight sleeves. The narrow sash of self-material is tied loosely in front. A deep blue satin hat with a taffeta bow in Mikado red sets off this striking costume.

MANY TELEPHONES MOVED IN CITY

More in Five Months Than All Last Year.

Five hundred and fifty telephones have been moved from one location to another in the city of Decatur since Jan. 1, 1919. This is nearly as many changes as took place all during the year 1918. It is an indication of the large amount of moving which has been in progress. Not only were fewer people moving last year, but the telephone company was not doing as much work on account of lack of wire.

More than 700 new phones have been installed since the first of the year. Some of these are phones which have been taken out of other places, leaving the net gain of entirely new subscribers more than 400. When the two telephone companies were consolidated, there were less than 8,000 phones in use. Now the total number in use in Decatur is 9,000. This figure, of course includes the rural phones, of which there are about 450.

NAME COMMITTEES FOR SUPERVISORS

Special Meeting Saturday to Take Up State Aid Roads.

Chairman J. N. Orr of the board of supervisors named his standing committees for the ensuing year Tuesday afternoon. The board will have a special session Saturday to hear recommendations from the state aid road committee as to action the board should take in regard to state aid roads this year.

John Armstrong, who is named chairman of the public buildings committee, was a member of that committee when the court house was built twenty-eight years ago.

SEEK BUSINESS MAN AS COLLEGE HEAD

Chicago, April 23—Can a captain of business or industry be a captain of education?

The trustees of Northwestern university believe he can and are looking for a business man of the first water to become president of the university.

This became known Monday when, after a meeting of the trustees in Evanston, it was admitted a committee had been appointed to "seek the man."

Among those who attended the meeting were W. A. Dyche, James F. Oates, James A. Patten, and P. R. Shumway, all except the first named being members of the committee in charge of obtaining a president.

The determination to select a layman to rule Northwestern—a Methodist foundation, although non-sectarian in its educational scope—is admittedly a departure.

A. W. Harris, for ten years president of the university, who resigned three years ago, was a layman, but was closely allied with church activities.

His place, it was explained, has never been filled, Thomas F. Holgate, who now is in charge of the university, being regarded at president ad interim.

Have you ever heard this?

"My baking powder," says the smooth solicitor, "costs less than Royal."

But he omits to say that it often leaves a bitter taste, that food made with it is likely to stale in a day and that it contains alum, which is condemned by many medical authorities for use in food.

England and France prohibit the sale of alum baking powders.

SCHUPP TO OPEN GIANTS' SEASON

Former Decatur Twirler on Mound Today.

Philadelphia April 23.—Philadelphia and New York open the National league baseball season here today. John Coombs, former pitcher of the Philadelphia Americans and the Brooklyn Nationals, made his debut as manager of the Philadelphia Nationals. Jacobs was slated to occupy the mound for Philadelphia with Oeschger in reserve, while Manager McGraw expected to send Schupp to the box with Barnes as second choice.

AVIATORS HELP CINCINNATI OPEN

Cincinnati, April 23.—The opening game of the National League baseball season was staged here today with St. Louis opposing Cincinnati. Several fliers from the Dayton aviation field were expected to perform "stunts" over Redland field as a Victory loan demonstration.

Fisher and Allen for Cincinnati, and Goodwin and Clemens for St. Louis were the probable batteries.

ALEXANDER WILL TOSS FIRST BALL

Chicago, April 23.—Baseball will open in Chicago today unless predicted showers should intervene with a number of features as added attractions to the National League game between the Cubs and the Pittsburgh Pirates. Grover Alexander, late sergeant in the A. E. F., and premier pitcher, will hurl the first ball. Music a-plenty is on the program, while all the players who are in the service of the United States will march carrying a big flag. The flag, representing the men of baseball in service, will be raised on the Cub park flagpole.

The probable batteries are Chicago—Vaughn and Killifer, Pittsburgh—Cooper and Schmidt.

MARCH SUBS FOR PRESIDENT WILSON

Will Toss First Ball for Big Opening.

Washington, April 23.—Washington and the Philadelphia Athletics were all set for going "over the top" in the opening game of the American league season here this afternoon. Walter Johnson, the locals veteran, and Scott Perry, star of Connie Mack's staff, will be the opposing pitchers. In the absence of President Wilson, who has performed the ceremony for several seasons, General Payton C. March, chief of staff, will toss out the first ball. High officers of the army and navy department will occupy boxes.

BAN JOHNSON AT DETROIT OPENER

Detroit, April 23.—Cleveland opened Detroit in the opening of the American league season here today. President Ban Johnson attended the opener. Coveleskie was slated to pitch for Cleveland and Dauke or Leland for Detroit.

WHITE SOX MEET ST. LOUIS BROWNS

St. Louis, April 23.—The professional baseball season opens here this afternoon with the St. Louis Americans opposing Chicago. Davenport is scheduled to twirl for the locals, and Williams for the visitors. The probable catchers will be Billings for the Browns and Schalk for the White Sox. Ideal weather is predicted.

SAILORS TO SEE RED SOX CHAMPS

New York, April 23.—The world champion Red Sox opened the baseball season here today against the New York Americans. Officers of the army and navy attended and there was a parade by a large delegation of sailors from the fleet now in New York harbor. Mogridge or Shore and Mays or Jones were slated as opposing pitchers.

PAUL SMITH CAN JOIN RED SOX

Sporting News.—When Outfielder Paul Smith returns from France he will find a contract from the Boston Red Sox awaiting him at his home in Illinois. He is a corporal in a company of the 339th regiment, 85th division, in the army of occupation and hasn't any definite idea as to when he will get back to God's country. Meanwhile he has been taking a prominent part in army athletics, playing football and baseball, tuning up that troublesome arm and prepping himself for a big league engagement.

SCHUPP CAUSE OF BASEBALL "FEUD"

Sporting News.—The "feud" between members of the Giants and Red Sox that broke out during their recent series in the south is said to have been caused by Boston players, riding Ferdie Schupp. They handed Ferdie some tuff that hit home and Larry Doyle and Arthur Fletcher came to his rescue. They selected McNally as the chief offender and Doyle tried to cut him down and out, spiking him severely. Everett Scott took it up and then another and another got into it, until all hands were more or less involved. Maybe it needed something like that to arouse the Giants to a playing stage. But why should anybody fight Ferdie Schupp's battles for him?

Peoria Gets Conkwright.

Salt Lake City, Utah, April 23.—It was announced today that Pitcher Allen Conkwright of the Salt Lake club of the Pacific Coast league, had been sold to the Peoria club of the Three-I league.

SELECT TRACK MEN FRIDAY

D. H. S. Class Winners Will Go to Charleston.

SOME GOOD MATERIAL

Men Not Showing Up For Practice.

The high school class track meet will be held on Millikin field on Friday afternoon of this week. This meet is particularly important because the winners in the events will be the entrants for the state athletic meet which will be held in Charleston on May 10. The entries for the Charleston meet must be made before May 1 consequently there is barely time after the class track meet to get the entries in.

There may be three entries from each school for each event in the Charleston meet and only two contestants. This limit does not apply to the mile relay in which there must be four contestants from each school, each running a quarter of a mile. Each contestant must therefore be a good quarter-miler. There will be two quarter mile events with different sets of prizes.

MINIMUM RECORDS.

The entrants for the Charleston meet must have made the following records:

Fifty yard dash—6 2-5 seconds.
100 yard dash—11 2-5 seconds.
220 yard dash—26 seconds.
440 yard dash—60 seconds.
Half mile run—2 min. 25 seconds.
Mile run—5 min. 15 seconds.
220 yard low hurdle—30 seconds.
Running high jump—5 feet.
Running broad jump—17 feet, 9 inches.
Pole vault—8 feet and 6 inches.
Shot put—32 feet.
Discus throw—85 feet.
Javelin—115 feet.

FEW PRACTICING.

There is considerable good track material in the school but it has not been coming out for practice. In the pole vault Kenneth Henry is doing extraordinarily well and is jumping around 9 feet.

In the high jump, Paul Timm, Ray Miller and John Miller are all going more than five feet. Of the three Timm looks to be the best.

HALF IN 2:22.

In the half mile run Clifford McKelvey looks to be a real half miler. In his first try out for time Monday night he did the half in 2:22 which is three seconds inside the requirement. He has a good stride and with his endurance he is practically sure of a place in the Charleston meet.

In the mile run Paul Wilson looks good to win. Among others who are showing up to advantage in the various events are Lynn Veech, Ray Miller, Clarence Ray, Thomas Ramsey, Stephen O'Connell and Jerome Miller.

AWARD D'S TODAY.

"D's" will be awarded to the high school basket ball team at an auditorium meeting today. Eleven first and six second team D's will be given out. The recipient of first team D's are Boyd Wheeler, William Whitfield, Harold Ehrhart, John Hays, Leslie Shaw, Harold Johnson, Wayne Bowman, Gordan Lipe, Kenneth Downing, Joseph Shaffer and Lynn Gebhart.

The second team athletic honors will be awarded to Neil Arrington, Russell Jolly, Samuel Flowers, Arnold Judy and Harland Walley.

TO RECEIVE MEDALS.

In addition to the D's, bronze medals of the Illinois High School Athletic association will be awarded to members of the first team. This is a handsome copper bronze medal to be worn on a strap as a watch guard. The medal is the same for all schools that are members of the state association except that in the center is the initial of the school. The reverse side of the medal is plain and on it may be engraved the events in which the recipient of the medal took part.

BOY SCOUTS NO. 11 TO TALK BASEBALL

Will Hear Reports Tonight on Wrestling Tournament.

Troop 11, Boy Scouts, the Westminster troop, will hold its weekly meeting this week on Wednesday evening at 7 o'clock. At this meeting the finals in the wrestling tournament conducted by the troop will be finished and plans will be made for the baseball season.

The troop took its first overnight hike during vacation week, going out to the Kennedy cabin near Faries park. E. P. Johnson and Laban Yoder furnished transportation for the extra luggage, utensils, etc. Twenty-one boys stayed out all night.

Though the troop has been organized but a few months six of the Scouts passed their second class tests before the court of honor recently, and several others are almost ready. Present prospects are that several will be ready for first-class honors as soon as their period of required service is completed. Willard Hanson, Roland Graybill, Frank Rouch, Floyd Borden, Frank Sheffler and Charles Grigsby are now full-fledged second-class Scouts.

A patrol efficiency contest is now in full swing. Points in the contest are given for such things as attendance at church, personal appearance, the passing of tests, reading of approved books, etc.

"Hubby, I must go away for a little trip."

"All right."

"But what sort of a trip shall I take?"

"Go as far as you like."

WARD SCHOOL BASEBALL LEAGUE

The major division of the ward school league opened Tuesday night with two games, while two others were played in the minor division. In the major, Jasper defeated Jackson, 11 to 4, while Durfee triumphed over the Oglesby crowd, 13 to 2.

In the minor division, Riverside sprung a surprise on Oakland, winning over the west side school, 18 to 12. Oakland started off with five runs in the first and three in the second inning while Riverside went scoreless in the first two innings. At the beginning of the fifth inning, the score stood 8 to 5 for Oakland. Then the Riverside boys held a batting picnic, hitting the ball and running the bases until they had counted thirteen runs in this inning.

The other game between Pugh and Durfee was won by the Durfeeites, 11 to 4.

Meyers Wins Bout.

Dubuque, Ia., April 23.—Johnny Meyers, of Chicago, middleweight wrestling champion, retained his title in a short match here Tuesday night with George Thompson "the Bulgarian lion" of Dubuque, formerly of Detroit. Thompson was thrown in 28 minutes with a head scissors and hammerlock and refused to continue the match, claiming his shoulder had been strained.

COACH N. G. WANN BUSY IN FRANCE

Has Two Big Track Meets Every Week.

LAYING OUT FIELDS

126 Men in Championship Games.

One of the Millikin athletes has received a letter from Coach N. G. Wann, who is now in France in Y. M. C. A. service, the former Millikin coach sending congratulations to the basketball team and their coach for the fine season's record they made, and he adds his best wishes for the baseball season. Mr. Wann is on a year's leave of absence from the university and will return to his place next fall. Parts of his interesting letter are given below:

N. G. Wann.

"At present I am at Le Mans, about half way between Paris and Brest in what is called the American Embarkation Center. I am up to my ears in work. Have to organize track teams in about thirty divisions between now and June and pull off thirty big track meets. These meets include track and field, baseball, boxing, wrestling, band contests, close order company drill, and perhaps basketball. It means two big meets a week for me. I have a Ford and a 'chofer,' and am going all the time, pushing things.

BUILDS BIG FIELD.

"During March I superintended the building of a twenty acre field containing football, baseball, basketball, soccer, boxing, wrestling, and a track. Have drawn plans and will have seven other fields built by the Army engineers.

"We are giving away medals by the basket full, and have nearly $2,000 worth of athletic material out in use among the soldiers of this area. I have learned a lot of new games, and very much in regard to management of teams and building fields. At present I am coaching the track team of this area also. Have one hundred and twenty men who are going to Paris in the A. E. F. championship games held April 26.

"Never was so busy in my life.

"Things look great for wonderful football team next year, in fact for a great team in every branch.

"Sincerely,

"NORMAN G. WANN."

Where Fatima Stands

These facts are reprinted to show you.

The advertisements reproduced here have all appeared in this paper. Please look at them again. They help to illustrate Fatima's unique position as the only ***inexpensive*** cigarette that seems actually to be preferred to ***expensive*** cigarettes.

For example, Fatima outsells or closely rivals in sales even the highest-priced cigarettes, at such places as

—the Astor, New York
—the Copley Plaza, Boston
—the Gibson and the Sinton, Cincinnati
—the Stock Exchange, New York
—the Touraine, Boston
—the Waldorf-Astoria, New York
—the Yale Club, New York

—and also at many other such places, not mentioned in these advertisements—for instance:

—the Auditorium, Chicago
—the Capitol Building, Washington
—the Congress, Chicago
—the Statler, St. Louis
—the Willard, Washington

Men who buy their Fatimas at such places as these, buy them not because of moderate price, but because they ***prefer*** Fatimas. They prefer Fatimas' taste and they find that Fatimas treat them right.

Liggett & Myers Tobacco Co.

NOTE: More and more men, it seems—both those who care nothing for price and those who feel that they should not smoke high-priced cigarettes—are realizing the common-sense of adopting Fatima as their steady smoke.

20 for 23¢

...and at the Stock Exchange

A fact:

At this, the very heart of Wall Street itself, one would naturally expect only high-priced cigarettes to be popular. But Fatima has proved an exception.

Fatima's popularity at the Stock Exchange is, in fact, so great that only one cigarette—a high priced one, of course—equals or leads Fatima in sales.

Liggett & Myers Tobacco Co.

...and at the Waldorf-Astoria

A fact:

The Waldorf in New York is but one of the many hotels all over the country, where Fatima is the largest-selling cigarette. The same thing is true, for example

—at the Astor, New York, where over 200,000 Fatimas are sold every month;
—at the Willard, in Washington;
—at the Gibson and the Sinton, in Cincinnati;
—at the Copley Plaza, the Touraine, the Parker House and Young's, in Boston;
—and at dozens of other leading hotels (and clubs, too) all over the country.

Liggett & Myers Tobacco Co.

...and with the 200 men who sailed for the Peace Conference

A fact:

For the 200 or more men of note who sailed on the George Washington for the Peace Conference, more than a dozen different brands of cigarettes were carried in stock by the ship's "canteen." Of those, the cigarette carried and sold in far the largest quantity was Fatima.

Liggett & Myers Tobacco Co.

FATIMA

A Sensible Cigarette

...and at the Yale Club

A fact:

At this—one of New York's finest clubs—Fatima is the only inexpensive cigarette enjoying a large sale. Month after month, Fatimas hold their place as one of the Yale Club's three leading sellers.

Liggett & Myers Tobacco Co.

FATIMA

A Sensible Cigarette

...and cigarettes helped to win it

What a part the cigarette played! In those grim, tense moments, waiting for the word to "go"; in that blessed lull, hours afterward, just before the relief party came; in those other, sterner moments when his spirit fought to smile, what was the thing he wanted most?

The cigarette!

And now, with the big job done, what so much as the cigarette will help "keep him smiling" until he's home again?

A fact:

Over 740 million Fatimas have so far been shipped to our soldiers abroad. And more are constantly on the way for the boys who still are over there.

Liggett & Myers Tobacco Co.

FATIMA

A Sensible Cigarette

...and with the every-day man on the job

A fact:

At the Capitol Building in Washington, at the Waldorf-Astoria in New York and at scores of other such places—where you would naturally expect only high-priced cigarettes to sell—Fatimas lead in sales. But important as these sales are, they're but a "drop in the bucket" compared with the MILLIONS of Fatimas smoked every day by the big, plain, "you-and-me" public.

Liggett & Myers Tobacco Co.

FATIMA

A Sensible Cigarette

...and in Boston, too

A fact:

POOR SERVICE

There is a story from Germany that the people of that country will be called on to vote on the peace treaty that is to be submitted. It appears the government doesn't want to take the responsibility of accepting or rejecting the treaty, so the buck is to be passed along to the people.

Isn't this a poor service to the people of Germany? Perhaps most of these are not in position to appreciate the consequence of a refusal to accept the peace terms. The consequences will be most serious, of course, but how are the plain people of Germany (if any such are left) to have an understanding of this?

Will the government tell these people there is nothing for them except to accept? The government knows this to be the fact, but has it the courage to get out and say so?

It is even hinted the Germans in a vote may reject the treaty, but because they do not appreciate the seriousness of the situation in which they are placed. Of course a little later they will begin to learn consequences, but all this is something that should be avoided.

These folks are now in a bad enough way, it does seem heartless and cowardly on the part of the government to lead them into something worse.

IT MUST COME.

There is a story that workmen in Petrograd in large numbers are revolting against the Soviet government that curses that place. This story comes to our government at Washington, and of course it has been passed around among other governments.

If there are any real workmen left in Petrograd, the day must be near at hand when they will rebel, if they have not already done so. The real workman is one who in sane moments feels that it is only through work that the needed good things of life can be secured. And perhaps such workman has a good many sane moments.

One wonders how many people there are in Petrograd who really wish to get back to work. By now they have had nearly two years of something else, something quite different. Two years is a long while to lay off from work; it is likely to prove demoralizing. Especially is this true when murder and plunder are staged in place of work.

But the time comes when people have to get away from a policy of murder and plunder, for a living is not to be made that way. This necessary change is surely due in Petrograd. Lenine and Trotzky have lasted a great while longer than one would have thought possible, that is when one assumes that Russia is not to go entirely to the dogs.

NOW FOR A HEADLIGHT

There is mention of a collision between two cars on a road somewhere to the northeast of Decatur. The mishap was at night, and the cause was that a driver of one car was blinded by the headlights of the other car.

This may remind many of us that the glareless headlight is a long while in coming, at least in getting accepted. There has been much in the public prints about lights that show the way and yet blind no one. It must be that most car drivers have not heard of all this, or they may have tried the lights and found them not satisfactory.

It does seem that by this time there should be a lamp that solves the problem. Many experts have been at work on such a lamp for a long while, and of course there is a fortune for the man who gets up a lamp that will really do the work.

Bigger problems have been solved readily enough. We have the flying machine, wireless telegraphy and telephone service, and x-ray miracles. A safe headlight for driving should be altogether easier than those other things that have been done.

Perhaps the right kind of experts have not yet got on the job. Well, the war is over, and the genuine article in experts is now at liberty to tackle some of these smaller practical problems.

FINISH IN STYLE

In the Victory loan several communities in this county went over the top on Monday, the first day of the campaign. We in the city of Decatur didn't do that well. This means we must give more days to hustling along the work of getting subscriptions.

Of course this community will appear on the right side at the finish. It has uniformly done this since we got into the war. It has now reached the point where it will not consider any other showing. We expect to subscribe our quota, the neighbors all expect as much from us. That is the way the record stands to date, and we don't propose to mar it at the finish.

One trusts it is not too much to hope that we shall proceed promptly to complete our part in this undertaking. There is nothing made by spreading over three weeks something that should be done in a week, and that we are going to do.

Much has been said about the loan being the best that has been offered, that these bonds are better than you can do with your money by placing it here at home. There is something in all this but really one prefers not to discuss this point.

To finish the war so much money is needed and we are called on to lend our part of the total. We should do it as a matter of course, even if the interest rate were only a half of the one that is named. There is our part to be done, and we are the ones to do it. We don't expect some other community to do it for us; we are not that kind.

WASTED OPPORTUNITY

We are not sure that the course of Colonel Samuel T. Ansell is calculated to help the cause he is thought to have at heart. He is the man who wishes to reform court martial in the army, who has had a good deal to say on the subject.

This week he is appearing before a commission of the American Bar association, that was named to study this subject and make report on it. Colonel Ansell put in the bigger part of the time on his first day's appearance in assaulting the makeup of the commission before which he was appearing.

It was too bad that the Colonel did this. When before that commission he was presented with a fine opportunity to get his side of the case to all people of the country. The commission is very willing that reporters shall be present and tell all they hear that they think is interesting or to the point. And reporters are present in number.

When you have an opportunity of this kind, you had better go ahead and talk about your case, stick close to the subject. It is foolish to waste any time challenging the commission. The thing is to get your story told and to the people. Then go ahead and tell it.

BUGS ARE SWARMING

At New Castle, Pa., they have organized "The Sutherland alliance." The business of this organization is to boost Senator Sutherland, Republican of West Virginia, for president.

We have not heard much of Senator Sutherland, but it is thought this is not a great handicap in the next presidential race. Just now the Republican party, like the Democratic, isn't carrying a large number of men who stand out prominently before the country.

Possibly from now on we shall hear more about Senator Sutherland.

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO Co., Block 425 St. Louis Mo., for FREE trial Plapao and the information necessary.

If the man counts for much now, it is hoped the bee will not get loose in his bonnet and sting him in the brain.

One reflects on the sad fate that overtook Senator Borah. There was a day when he was looked on as one of the levelest headed men in the Republican party. Then some folks got to talking about him for president, after which the bee got in its deadly work on him.

If Senator Sutherland is wise, he will take a look at Borah and then try to take warning.

ALL IN THE SAME BOAT.

Former Governor Edward F. Dunne and two other prominent men of this country are booked to meet Lloyd George next week in Paris and have a talk with him about affairs of Ireland.

One is pleased to learn these men are to meet Mr. George to discuss this matter. He is just the one to meet them. One can't say that any big immediate thing will come of the session, but at any rate Mr. Dunne and his companions will have a heart to heart talk with a man who knows the situation and who is disposed to be frank and fair about it.

It will be an interesting little session, very. Probably it will never get adequately reported in the press. Mr. Dunne and companions and Mr. George are really trying to find a solution. They are men of capacity. Mr. George is very able. They should feel better after they have talked with him.

Mr. Barnes gives assurance that we in this country will not have to pay more for wheat than others will have to pay; but he has a notion that so many people are wanting wheat, wanting it badly, the price will stay high enough to suit any of us.

Hogs have gone to $21 in the St. Louis market, which is more money than any man now living ever expected to get for a common porker.

If the Eagle rolling mills of Minnesota are to take Alexander Van Praag back on the job, he will have to see to it that we don't spoil him.

When you look at tulip beds in Fairview you wonder if Frank Torrence is not a native of Holland.

Voliva of Zion City is still defying everybody and everything, as though that could get him anywhere.

ONE YEAR AGO TODAY

Germans claim 640,000 more soldiers on the west front than the combined forces of all the allies. Hungarian troops mass in Belgium to fight with Germans.

British and naval squadrons raid Zeebrugge and Ostend, blocking U-boat channel with two ships loaded with cement; destroyers blow lock gates. This was one of the most daring water attacks upon the enemy during the war.

Attempts of the Allies to regain ground at Avelny Wood and to recapture the railway north of Arras repulsed by the enemy with heavy losses to both sides.

Winning the victory was costly.

INSIGNIA WORN BY THE DIVISIONS IN U. S. ARMY

PRAIRIE DOG DIVISION.

Prairie dog, so common on the western prairies; yellow on red. The soldiers of the Prairie Dog division wear on their shoulders the insignia consisting of yellow dog on red diamond.

OPEN CENTENARY DRIVE THURSDAY

Methodists to Have Headquarters in Y. M. C. A. Building.

The district and city campaign for the Methodist Centenary fund will be formally opened at a meeting of the organization committee at the Y. M. C. A. building Thursday night.

The Decatur men who have agreed to hand this campaign for a big five year program for the Methodist church centenary fund here report that prospects in the Decatur district are very favorable. Already some rather large subscriptions have been voluntarily made and with the work thoroughly organized it is believed the denomination in this district will make its quota without serious difficulty.

Arrangements have been made to establish headquarters in the southwest room on the main floor of the Y. M. C. A. and a clerical force will be installed in that room Thursday. Some one will be on duty all the time after that date until the campaign is successfully concluded.

GEORGE A. GLENN PROBABLY ELECTED

Only Candidate For Non-High School Board of Education.

While all the returns are not in for the election held Saturday to choose a member of the board of education of the Macon county non-high school district it seems as though George A. Glenn, the only avowed candidate, is elected. The following returns all in favor of Mr. Glenn, have so far been received by Mrs. Mary W. Heyman, county superintendent: Hoody, 13; Macon, 12; Niantic, 7; Bengamon, 7; Maroa, 8; Warrensburg, 24. There were thirty votes cast but six of them were given Miss Verna Shattel and one was for Victor Dawain.

FATHERS INVITED BY MOTHERS' CLUB

Lincoln School Will Hear Talk by Mrs. C. M. Jack.

The regular meeting of the Mothers' club of the Lincoln school will take the form of an evening meeting for both fathers and mothers this month. The meeting will be held at 8 o'clock Wednesday night at the school. Some special business is to come up, and reports will be made of the recent Riley supper.

The program will include a talk on "Literature for Children," by Mrs. C. M. Jack. The Decatur teachers' quartet will sing and Johnny Burns will give numbers on his drum.

Children, accompanied by their parents are invited to come.

U. S. SUPPLIES SAVE ROUMANIANS

Bucharest, March 19.—(By Mail)—American flour and clothing are saving the lives of thousands of destitute people throughout Roumania. The United States Food Administration has already brought into the country nearly 20,000 tons of flour, while the American Red Cross, which has a large mission established here, is distributing clothing and general relief supplies of all kinds among the needy population.

The flour from America arrived at a time when conditions were at their worst and when local supplies for the Roumanian people were almost exhausted. It was feared that the want of food would result in a state of Bolshevism and revolution. This American flour has been a tremendous factor in preventing the unrest. From its relief stations established at Bucharest, Jassy, Constanza, Galatz, Focsani and Pitesti, the American Red Cross is distributing its supplies, and in every important village an American Red Cross soup kitchen is helping to feed the population.

DROP FLOWERS ON LINCOLN'S TOMB

Springfield, April 23.—Aviators from Chanute field, Rantoul, Ill., paid their respects to the memory of Abraham Lincoln by dropping flowers on his tomb, in Oak Ridge cemetery here yesterday. Two airplanes were here for the purpose of stimulating recruiting in the aviation branch of the service. One of the machines was damaged in making a landing but neither of the occupants was injured.

It is the intention of the state to add this branch of the service to the Illinois national guard, as soon as instructions are received from the war department at Washington.
